MODULUS

The 1955 Modulus

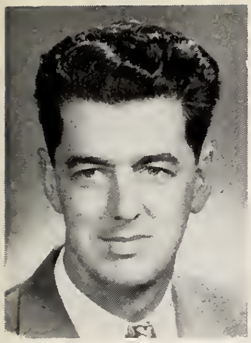
Yearbook of the Students of Tri-State College is Dedicated to the Heads of the Academic Departments

The dedication of the 1955 Modulus to the eleven men who head the academic departments of Tri-State College is prompted by the consciousness of the debt owed to them by every student who has come under their tutelage.

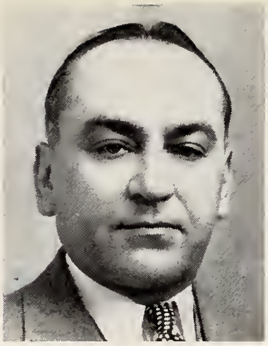
These men are not only teachers, but in fulfilling their duties as Heads of Departments, all carry added responsibilities for the proper performance of teaching duties by every member of their staff.

The burden of maintaining and carrying out this educational service is their responsibility and the performance of this responsibility and duty is measured by and directly related to the quality of education at Tri-State College.

Department Heads



Quintin J. Hawthorne
Aeronautical Engineering



Stefan J. Slanina
Chemical Engineering

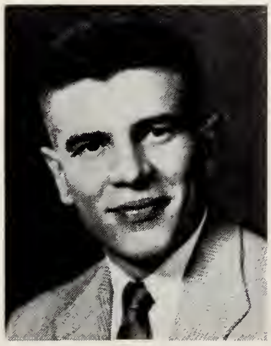
(*Top Center*)
Cecil Hauber
Civil Engineering

Clyde E. Shaw
Mechanical Engineering

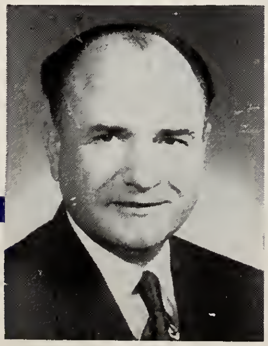
John C. Humphries
Mechanical Engineering

Leland S. Ax
Radio Engineering

Harold R. Hoolihan
Commerce



Harry R. Stelling
English



Paul A. Nurnberger
Mathematics and Science

Kenneth Steele
Physics

Foreword

"Through these portals pass the nucleus of tomorrow's leaders." This could well be the motto placed above the entrance of the college. You, as an alumnus, have passed through these portals on your tour of life's road. The door to the foundation of life was open to you and you entered. The knowledge found beyond was yours for the taking and you took it.

The human mind has been appropriately compared to an encyclopedia. Much information is contained therein, but, unlike the encyclopedia, that information is not readily accessible without reference, especially if the time element is a factor. As an aid to find references desired, the editors of the Modulus have striven to portray that part of your life at Tri-State College through the media of quill and scroll, script and photo.

In humble appreciation, I, as Editor-In-Chief, thank all the editors for their untiring efforts in gathering and editing the material, and to all those organizations and fraternities and their representatives who cooperated and contributed the material to help make the 1955 Modulus a success.

Everett E. Meyers
Editor-in-Chief

The Administration Building

President's Message

TO THE GRADUATES OF 1954-55:

It was once stated in substance that one should make no little plans but should think big. When Daniel Burnham, a great Chicago architect, made this statement as a part of the expression of his hopes and ambitions for the future development of his city I am confident he did not have in mind either you or me or our college.

The soundness of this advice, even though unquestioned when given, is now strengthened and supported on every hand. Who could accept and follow it more appropriately than a college graduate—a person who, by seeking further education, has already thought big and made no little plans.

As you cross the threshold of graduation you will have achieved the realization of your first big plans. Now it is time to start over and make no little plans but think big again. And so it will always be for those with ambition, hope and faith in the future.

Theodore T. Wood

Theodore T. Wood,
President

VERN JONES, Registrar
ELEANOR TARBELL, Librarian
L. P. MYERS, Dean of Students
DR. LAWRENCE HESS, Counseling and Guidance

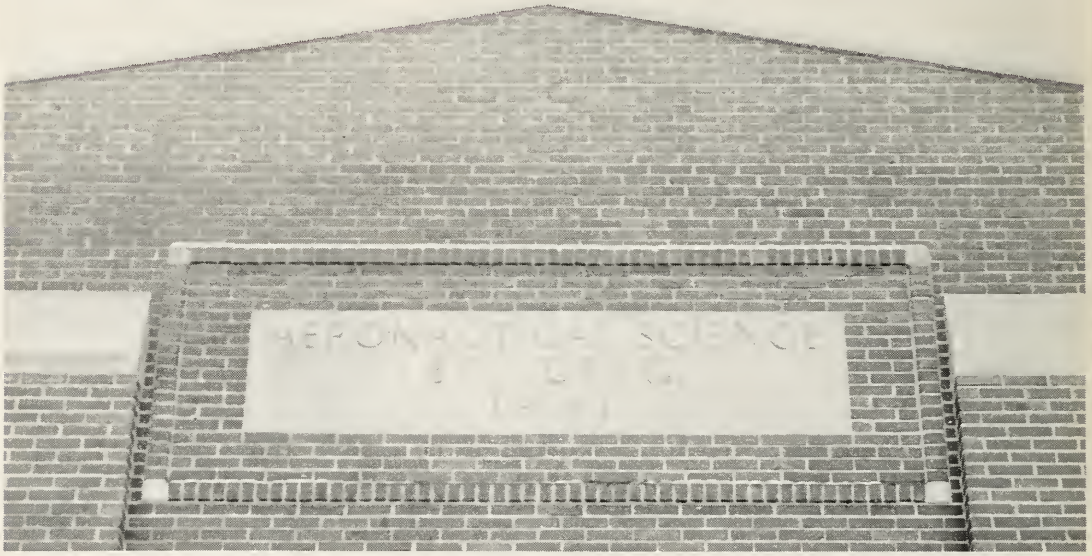
Second Row, top to bottom:

JEAN McCARTHY, Dir. of Admissions
ROY C. BODIE, Director of Publication Services and Alumni Records
LUCY EMERSON, Director of News Service and Alumni Publications
WILLIAM L. THOMAS, Director of Placement
PAUL TAYLOR, Public Relations Assistant

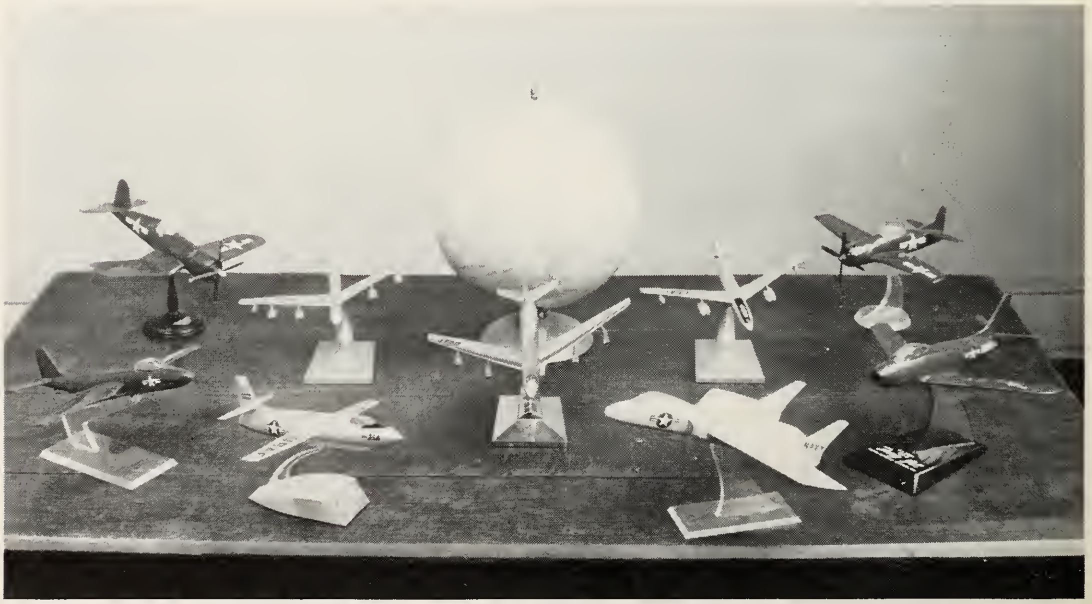
Third Row, top to bottom:

CLEON WELLS, Bookstore Manager
BESSIE STUART, Cafeteria Manager
JONAS CRISMAN, Housing Director
CHARLES LEMAN, Tri-Stan Manager
HARVEY WILSON, Recreation Hall Manager

Department of Aeronautical Engineering



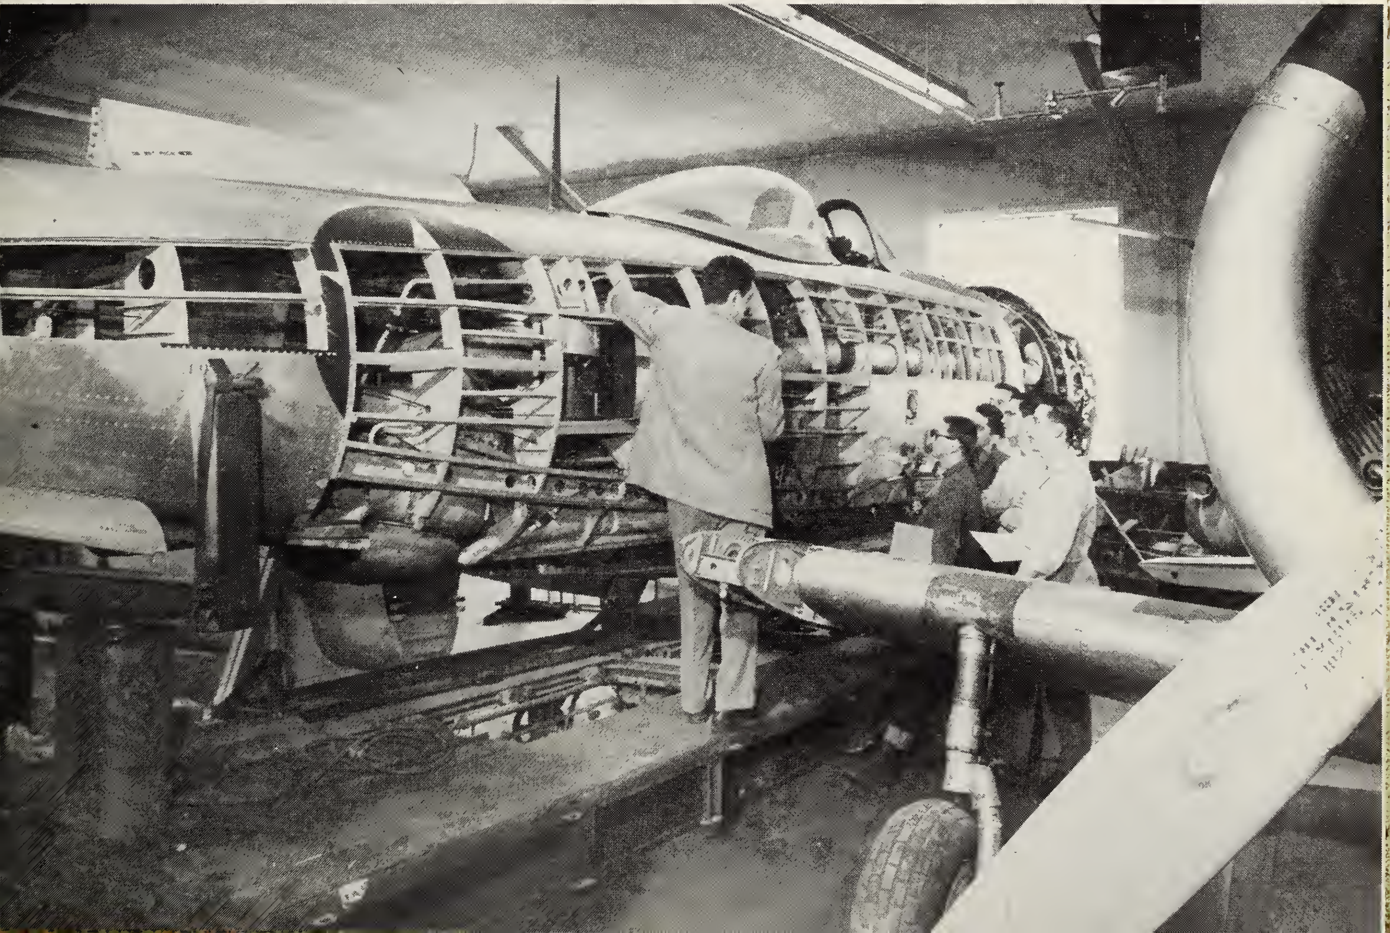
The field of Aeronautical Engineering has, in the past two decades, rapidly become an established member of the engineering family. Continuous changes, developments and advances make this one of the most challenging fields of engineering.



Some 3,500,000 engineering man-hours were required to design and build the first B-47——here are shown some of the model planes from the Aeronautical Department's collection, whose design and construction are studied by Aeros.

Professor Quintin Hawthorne, Head of the Aeronautical Engineering Department watches Joseph Toman, December, 1954, Aero grad, now an instructor, as he adjusts a model for testing in the wind tunnel.

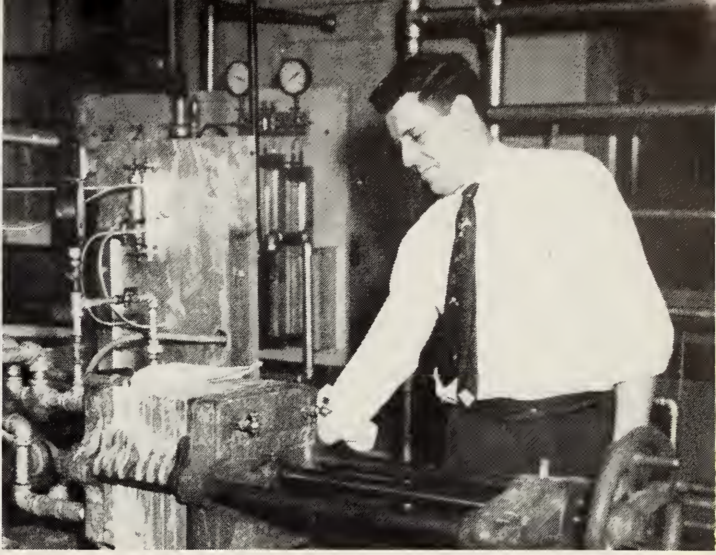
Prof. Hawthorne explains primary structure and turbo-supercharger system to a class in aircraft design.



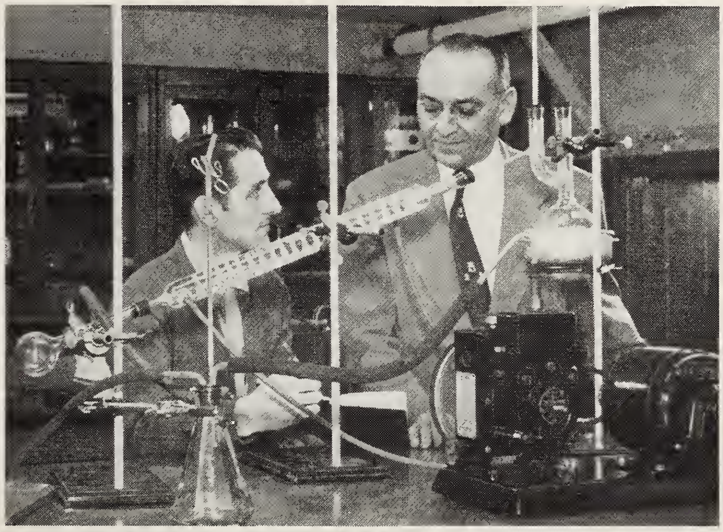
Department of Chemical Engineering

The "700" Building, sometimes known as "Paducah" houses the Department of Chemical Engineering, with one section devoted to the Engineering Drawing and Design rooms. Here in "Paducah," students learn of the important duties of chemical engineers in such industries as synthetics, plastics, petroleum, heavy chemicals, rubber, food and pharmaceuticals.

Under the supervision of Professor Kenneth Newnam, left, a physical chemistry senior, Robert Fuller, employs a polarimeter and spectroscope in the analysis and identification of materials.



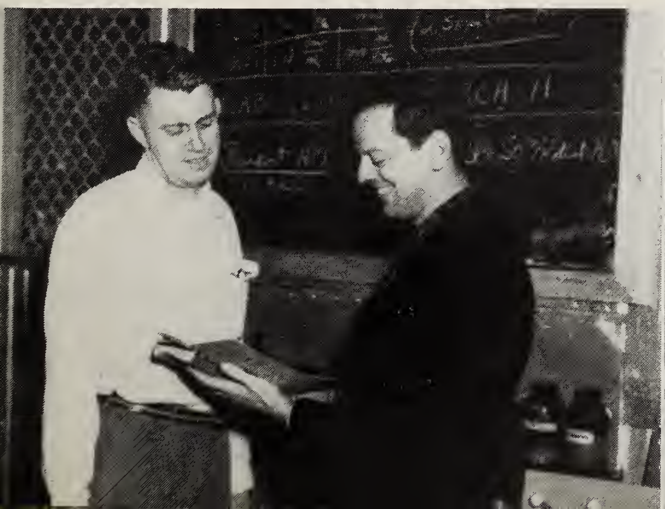
Harold Mills, Associate Professor in Chemical Engineering, demonstrates the filtering of a slurry in a plate and frame filter press.

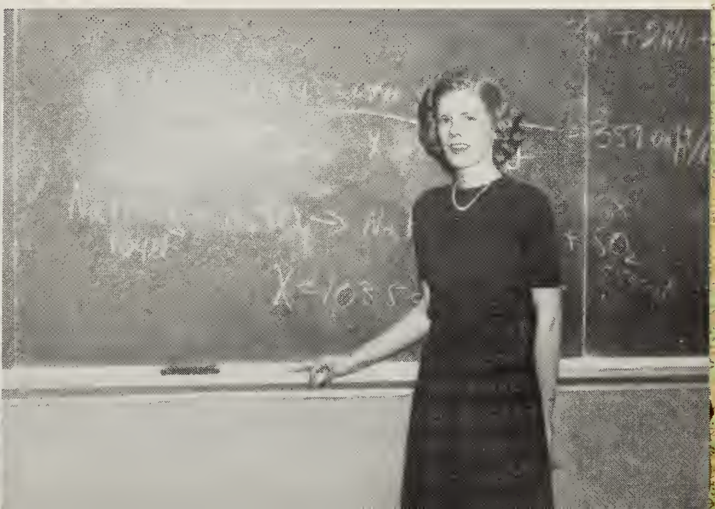


Dr. Stefan Slanina, Head of the Department, looks on as Robert Haberland uses vacuum distillation apparatus.

In the Chem Lab, top floor of the 300 Building, Raymond Porter, left, and Edward Pavel, right, Assistant Professors, check the roll book.

Jean Godwin, Assistant Professor, pauses for questions during a class in General Chemistry.

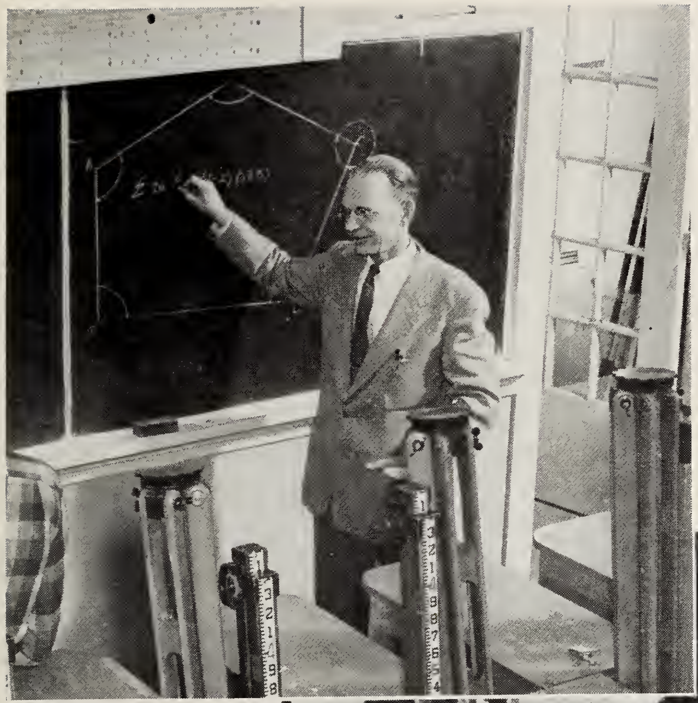




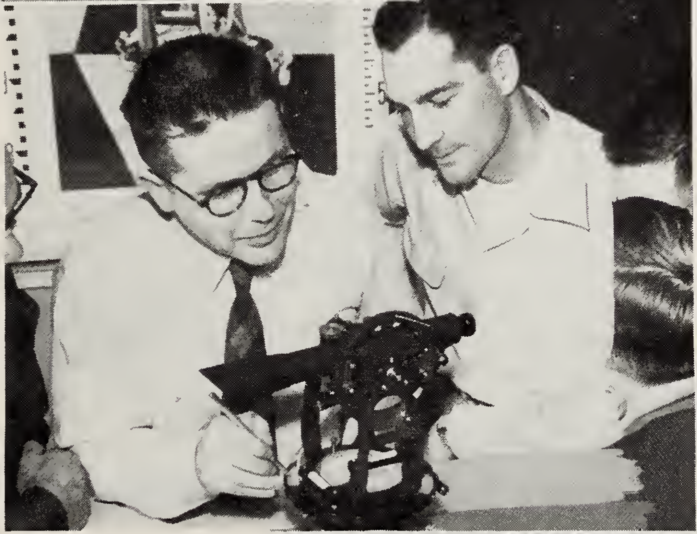
Department of Civil Engineering

The oldest engineering department on the campus, the Civil Engineering Department, was founded in 1902 by the late George G. Niehous who devoted a lifetime to the furtherance and promotion of engineering education at Tri-State College. Much of the construction of the Civil Engineering Building, started in 1908 and completed in 1909, was done by students.

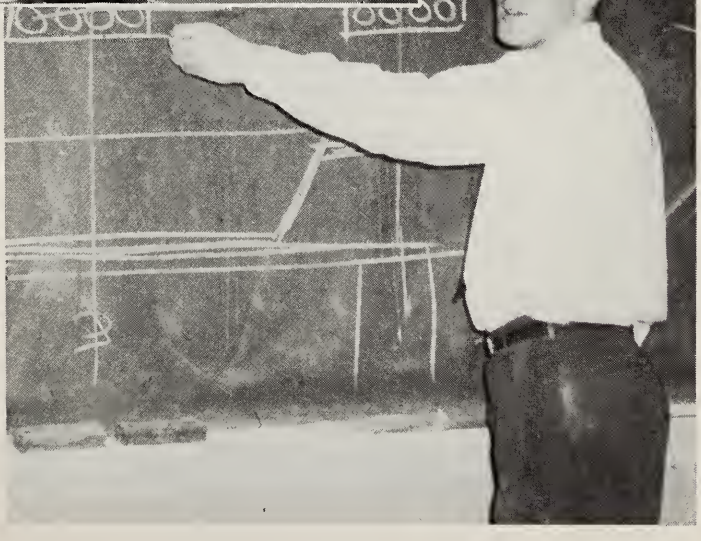
Since ancient times the civil engineer has been the builder. Today civil engineers are employed in all parts of the globe, building roads, airfields, railroads, dams, and solving the problems of irrigation, water supply and sanitation.



Prof. Cecil Hauber, Head of the Department of Civil Engineering, is one of the two men who have headed this department, the other being the founder, the late George Niehous who served as head for nearly forty years.

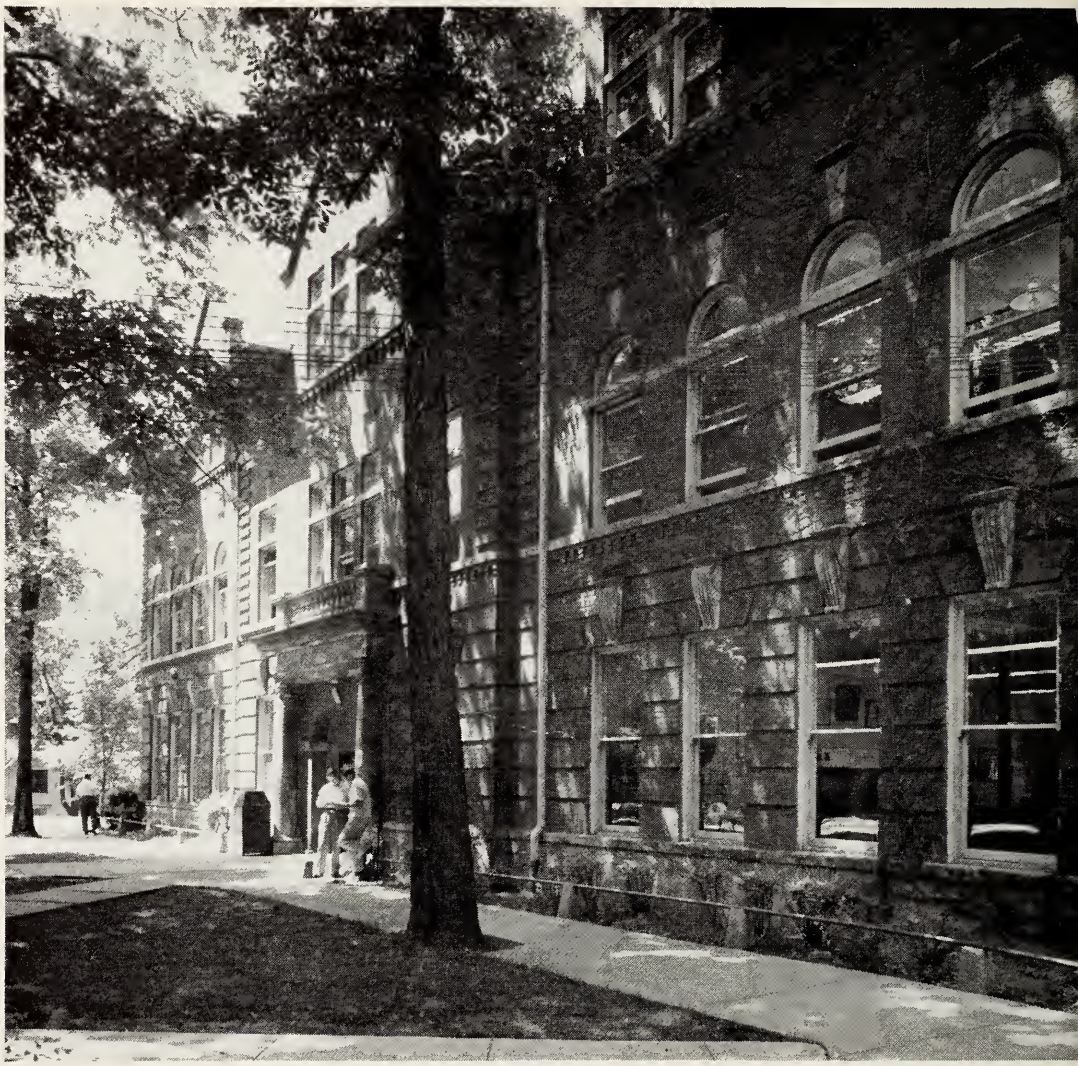


John Jarrett, Associate Professor, at left, and Richard Griffis, Instructor, preparing a class demonstration on functions of the various parts of the transit.



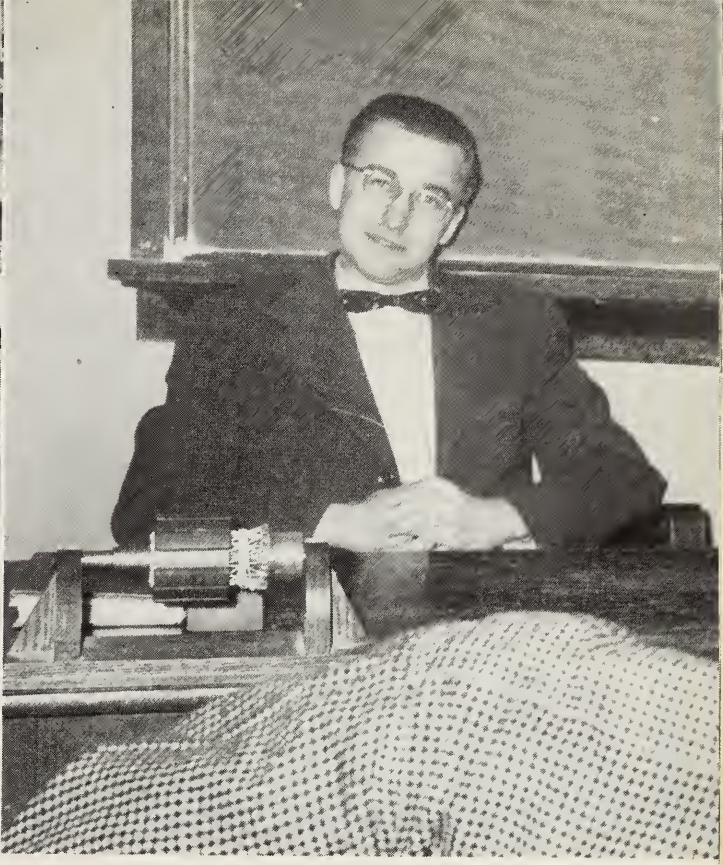
John Bradbury, Assistant Professor, chalks up a lesson in Concrete Design.

Department of Electrical Engineering



Since Benjamin Franklin's experiments, electricity has revolutionized our life. Electric power, its generation, transmission and utilization "on land, at sea, and in the air," in industry and in the household are the concern of the electrical engineer. The Department of Electrical Engineering was founded at Tri-State in 1909. The 300 Building houses this department.

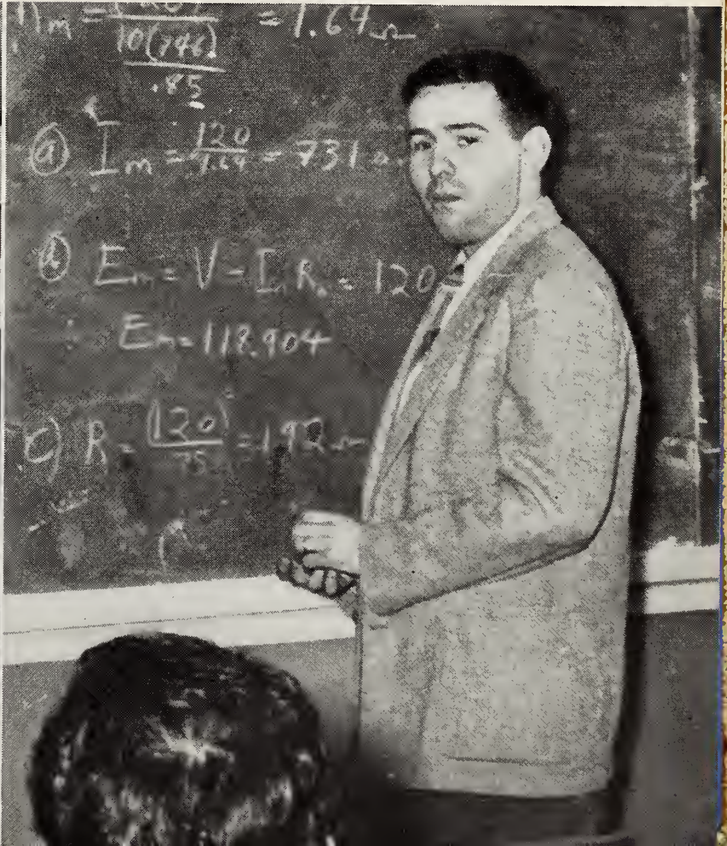
Prof. Clyde Shaw, Head of the Department of Electrical Engineering, in his office in the 300 Building.



Wayne Gilchrist, Assistant Professor, discusses Direct and Alternating Current Machines in an early morning class.

Associate Professor Oscar Nelson caught by the camera in the electrical machines laboratory.

Arthur Eberhardt, Assistant Professor, teaching a section in Electrical Engineering.

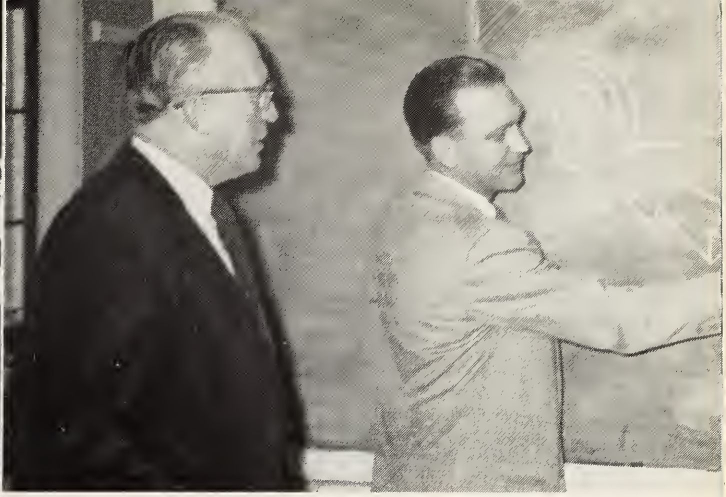


10(746)
.85
= 1.64Ω
a) Im = 120/1.64 = 73.1
b) Em = V - IaRa = 120
Em = 118.904
c) R = (120)²/75 = 192

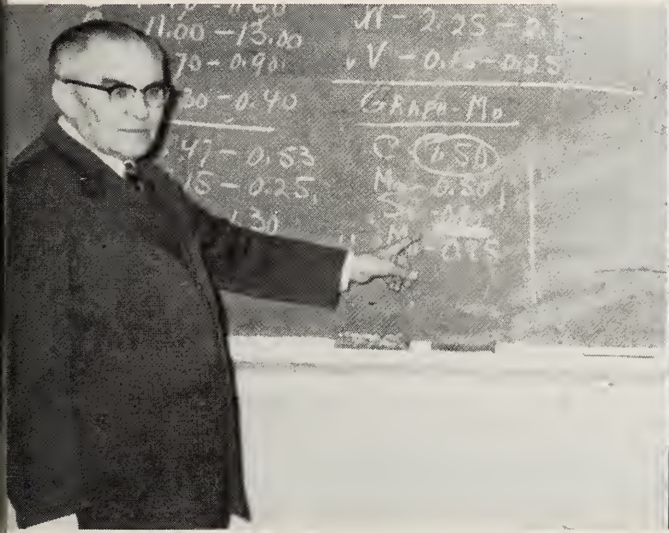
Department of Mechanical Engineering

The Department of Mechanical Engineering at Tri-State College was founded in 1910. Practically all industrial undertakings call upon the talents of the mechanical engineer. The 400 Building, home of this department, was built in 1932.

Ramsay Jackson, Associate Professor, left, and Professor John Humphries, Head of the Department of Mechanical Engineering, in the Power Lab.



Stanley S. Radford, Associate Professor, at left, and Virgil Areaux, Assistant Professor, discuss a lesson assignment in Descriptive Geometry.



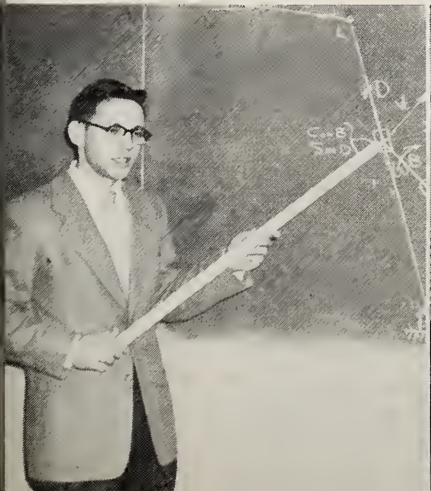
Alexander P. Gwiazdowski, Associate Professor, teaches Engineering Metallurgy, and Tool Design.

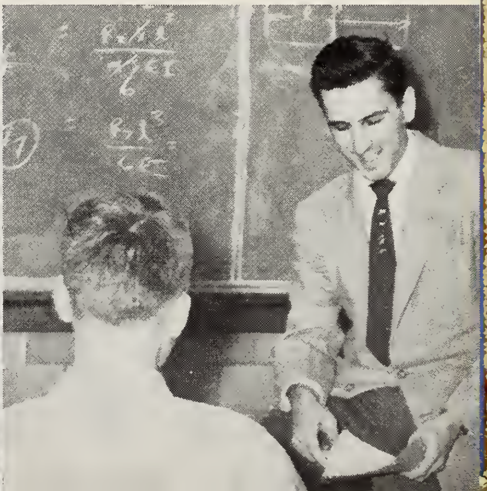
Fuels testing, an important part of laboratory work for Mechanical Engineering students, is demonstrated for Paul Martin by Wier Crowl, Associate Professor.

Walter W. Holcomb, Instructor, il- ustrates a point for his class in Me- hanisms.

Raymond Hemmert, Assistant Professor, teaches classes in Industrial Engineering, Machine Design, Steam Power Plant Engineering and Thermodynamics.

Associate Professor Anthony Andolina also teaches Machine Design, Internal Combustion Engineering, Steam Power Plant Engineering, and Thermodynamics classes.



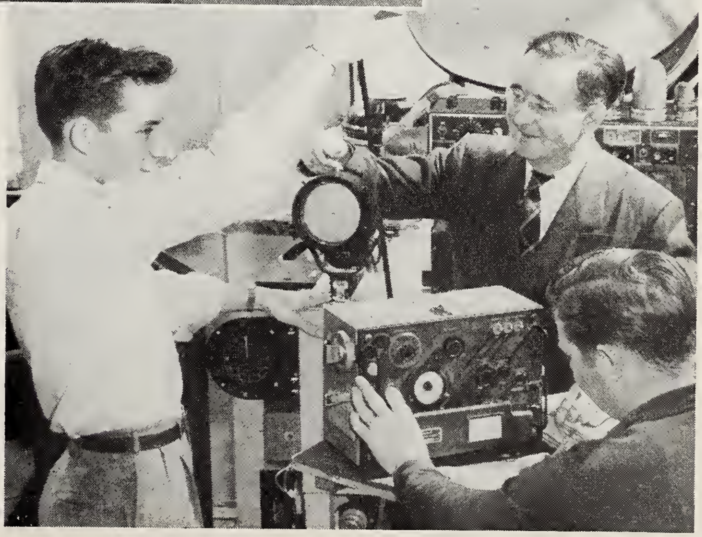


Department of Radio Engineering

Radio Engineering, a whole new field of engineering dealing with radio, television, radar and electronics, has evolved with the rapid and extensive developments which have followed the invention of the vacuum tube. The Department of Radio Engineering is centered in the 600 Building.

James Trout, Instructor, in the Radio Lab.

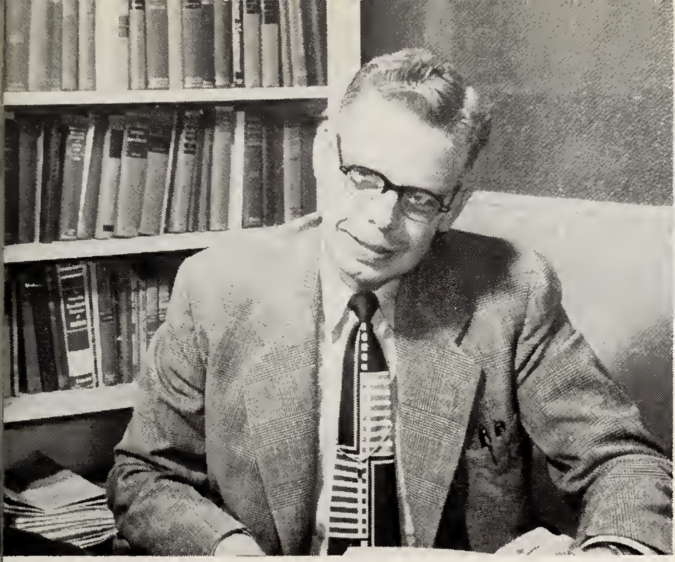
Matthew Westenhaver, Associate Professor, is shown at far right at the end of the table in this scene of a part of the Radio Engineering Laboratory.



At left, Lyle Wilcox, Instructor, and Professor Leland Ax, Head of the Department of Radio Engineering, aid a student in performing a radiation check on a radar transmitter.

Department of Commerce

The 200 Building houses the Department of Commerce, which offers courses in Business Administration, Accounting, and Secretarial Science. Here is a typical campus scene with the "between-classes" crowd in front of the Commerce Building.

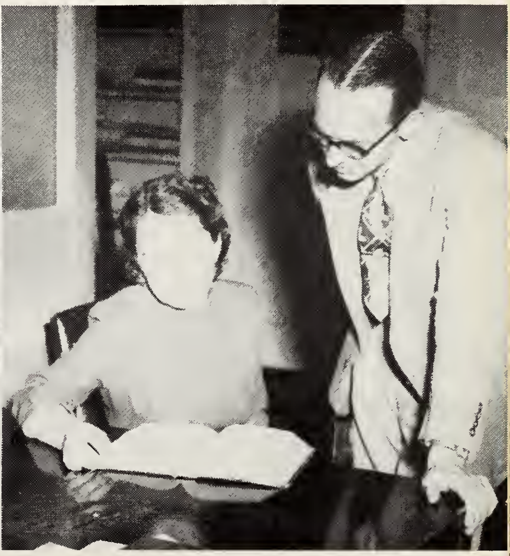


Professor Harold Hoolihan
Head of the Department of Commerce

Life at Tri-State is described for friends at home in Voice of America broadcasts, directed by Prof. Robert Ramsay, left. Participating are Lucia and Jorge Iriarte, of Bogota, Colombia, shown with tiny Helvia Lucia; and Charoen Vongsa, of Thailand, at right. In addition to duties in the Commerce Department, Prof. Ramsay directs the college radio and television programs.

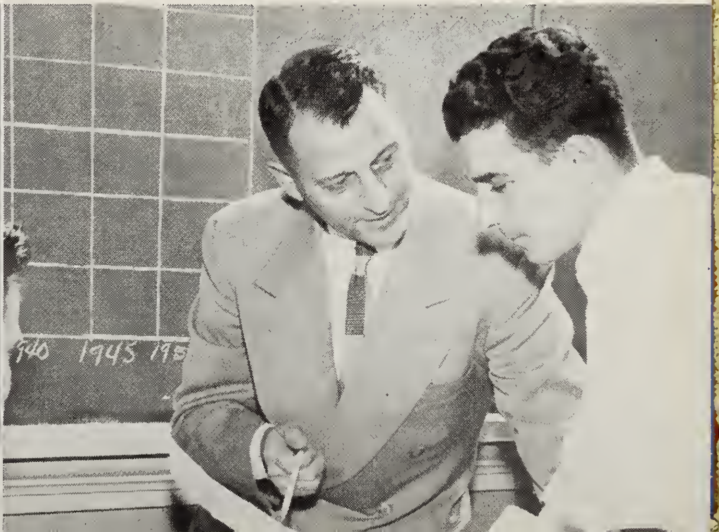
"Doc" Mummert listens as Ron Pufahl quotes from an income tax guide. "Doc" is an Associate Professor and Pufahl is an Assistant.

Professor Fred Goudy



Virginia Ross, Associate Professor in Commerce, checks a reference with Prof. Howard Hoolihan.

Robert I. Cook, Assistant Professor, checks figures for a student, Roger Zank, and at right, Associate Professor Wayne Champion explains insurance figures to John Morgan, student.



Basic Engineering

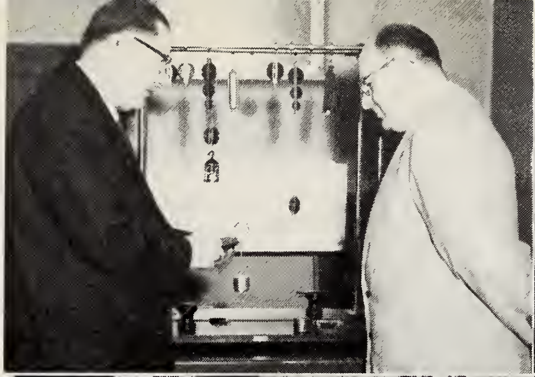
The Departments of Physics……Mathematics and Science……and English are included under the heading "Basic Engineering."

Dr. Alice A. Parrott, formerly Head of the Department of English, now serves as Graduate Advisor, and holds the rank of Professor of English and Speech.

Department of Mathematics and Science

The Department of Mathematics and Science staff in an informal session. Standing left to right are Carl Becker, Associate Professor; Prof. Paul Nurnberger, Head of the Department; Lyle Oleson, Assistant Professor; Herbert Wolf, Associate Professor; W. W. White, Instructor; Harold Ottoson, Assistant, and Professor Minard Rose. Seated are Ross Butler, Assistant Professor; Professor Arthur Hockey; Robert Foster, Instructor; and Richard Byers, Assistant Professor.

At left, Professor Kenneth Steele, Department Head, at left, confers with John Tressler, Assistant Professor, in the Physics Lab.



At upper right, Lester W. Long, Instructor, and Richard Leatherman, Assistant Professor, talk over class assignments in College Physics.

Lower left, Victor Julien, Assistant Professor, at the Atwood's Machine, used to verify Newton's law of accelerated and uniform motion.

Lower right, Associate Professor Charles D. Kenyon, adjusts a centripetal force rotator in the Physics Lab.

Department of Physics

Department of English

At left, Professor Harry Stelling, Head of the Department of English and Arthur Freeland, Assistant Professor, in the classroom.

At right, Mary Disher Carney, Associate Professor, listens while a late-arriving student gives "the reason why."

Eleanor Tarbell, Librarian, and assistants, Shirley Colebrook, center, and Anna Twitchell, at right, make out book lists.

The Library

Helen Owens Brown, assistant, checks interview listings with William F. Thomas, Director of Placement.

The Student Activities Building, where business and industrial representatives interview hundreds of Tri-Staters each quarter for prospective employment.

Top right, President Wood, Lucy Emerson and Roy Bodie, in the College Printshop office.

Bottom right, Rowena Howe at the addressograph, Wanda Bodie assembling material, Loene Collins at the graphotype, and Elmer Taylor at the stapler are shown.

Evelyn Goodrich runs the multilith, Larry Sunday and Rudy Ohnersorgen at the folder, Dinah Roncancio, typist in the foreground; and with back to camera, George Brown at the cutter; Russell Goodhew runs the Miehle; and Johnny Goodhew, the Kluge.

The Recreation Hall is a popular place for fun and relaxation, and is also the scene of student dances.

The office secretaries, standing, left to right: Joann Mote and Martha Keller, Treasurer's office; Dolores Wolff and Adele Johnson, Secretary's office; Jo Spatz, secretary to Vice-President Radcliffe; Elaine Vera, Registrar's office; Carol Query, Admissions office; Margaret Ahlman, Registrar's office; Margie McCarty, receptionist; seated, left, Janet Mott, office of the Dean of Students; Mary Prether, secretary to Vice-President Moore. Inset, Ruth Rose, secretary to President Wood.

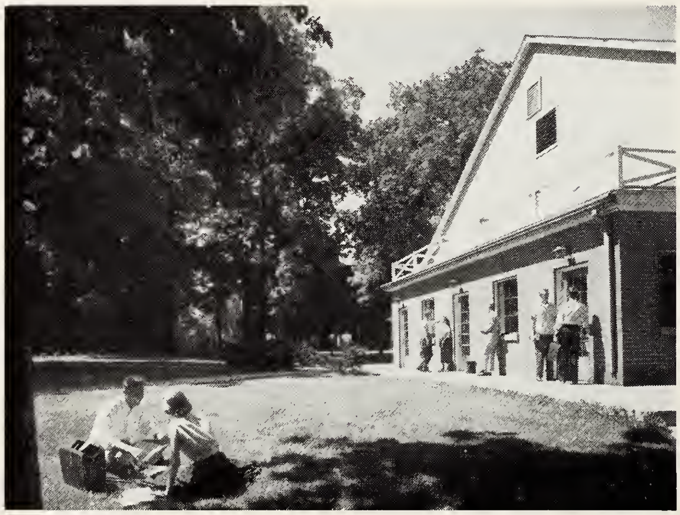
In the Bookstore, Cleon Wells, manager, and assistant, Mildred Swift, stocking up the shelves prior to the opening of another term.

The Cafeteria Workers

Back row, Maggie Crawford, Katie Hassinger, Goldie Smith, Treva Williamson, Bessie Allen, Marge Reek, Luella Moor, Esther Fenstermaker, Bee Heaton, and Enola Hufnagle (she bakes those delicious pies!)

Seated: Mary Cole, Leta German, Arbutus Vice, Mary Jones, Donna Hough, Helen Shroyer, Leona Nichols and Bessie Stuart, Manager.

The Cafeteria



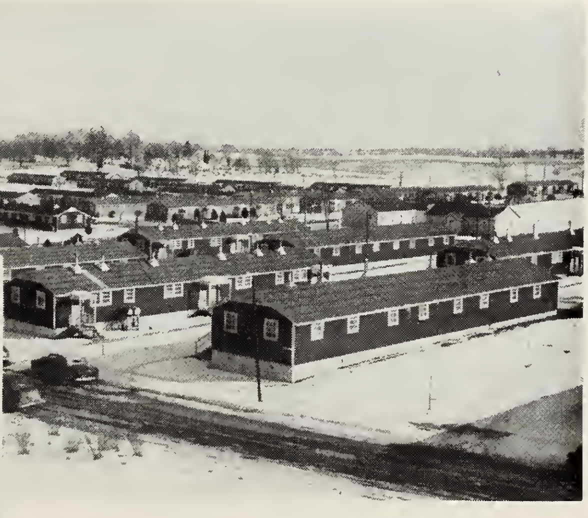
The Maintenance Crew

Back row, left to right: Herman Wilson, Ora McEntarfer, Ricky Smith, Herschel Clark, Carrol Penland; middle row: Thomas Lyons, Ralph Mortorff, William Maxfield, Robert Reek, William Ickes; and front row: James Weller, Fred Munn, superintendent of buildings and grounds; and Arthur Stroh.

800 West Maumee Street

410 West Broad Street

Fifty students live in those two homes, formerly residential properties remodeled for student housing in the fall of 1954.



The Tri-Stan Housing Project, operated by the College, with apartments for married students and "Bachelor Quarters" for single men.

Tri-Stan Housekeeping Staff, back row: Myrtle Heckathorne, L. V. Hull, Dema Regisser; middle row: Charles Leman, manager; Arlene Dove, Dorothy Quast, office secretary; August Crawford, and in front, Virgil Waller.

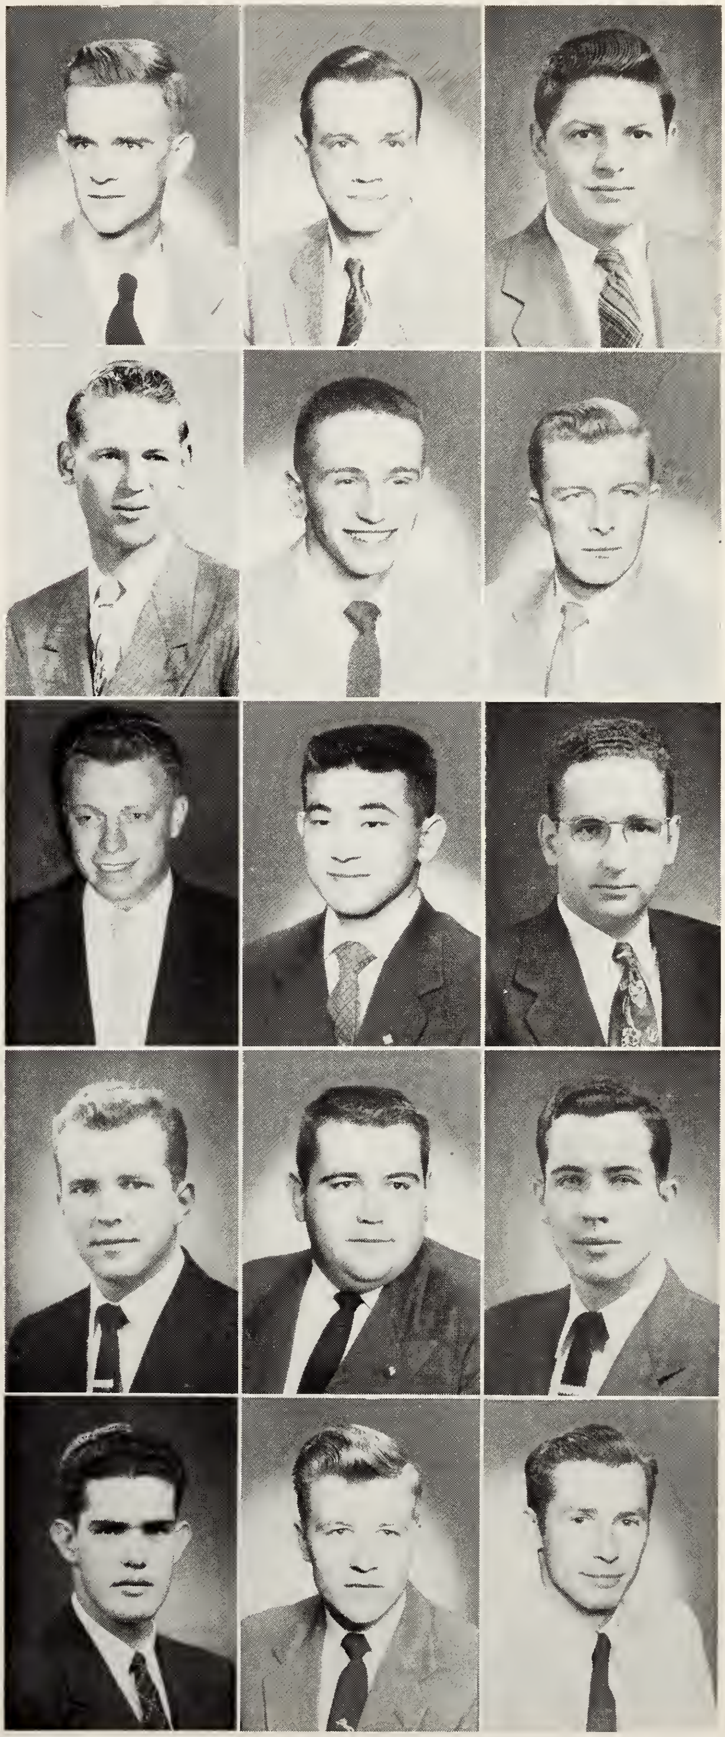
CHARLES B. TORGLER
DOVER, OHIO
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Affiliate, Student Council Representative; Alpha Gamma Upsilon, Pledgemaster, Board of Directors.

TOMMY TRENT, JR.
POUND, VIRGINIA
B. S. in Business Administration
Financial and Legal Society, Vice-President; Tri-Angle; 1954 Modulus, Assistant Copy Editor; Inter-Fraternity Council; Beta Phi Theta, Secretary, Treasurer; Sigma Epsilon; 550 Club.

GUSTAVO URIBE
MANIZALES, COLOMBIA, S. A.
B. S. in Civil Engineering
Civil Engineering Society; Phi Iota Alpha.

CLETUS M. VAMMEN
CULBERTSON, MONTANA
B. S. in Radio Engineering
Radio Engineering Society.

ROBERT H. WALLACE
OLD ORCHARD BEACH, MAINE
B. S. in Business Administration
Student Director; Skull and Bones, C. O. A., Secretary; Alpha Beta Alpha, President, Vice-President, Secretary; Sigma Epsilon Society, President, Vice-President, Secretary; Alpha Sigma Phi, President, Secretary; Tri-Angle Business Manager; 1954 Modulus, Page Salesman; Who's Who; Silver Key.



RICHARD E. WALTON
GALESBURG, ILLINOIS
B. S. in Aeronautical Engineering
Tri-State Branch, Institute of Aeronautical Sciences; Society of Automotive Engineers.

TERRANCE P. WARFORD
GREENWOOD, MISSISSIPPI
B. S. in Civil Engineering
Civil Engineering Society, Vice-President, Corresponding Secretary; Varsity Tennis Team, 1953, 1954.

JEROME P. WASAG
DUNKIRK, NEW YORK
B. S. in Mechanical Engineering
Mechanical Engineering Society; Society of Automotive Engineers; Financial and Legal Society, Secretary; Phi Kappa, President, Treasurer, Secretary.

DONALD J. WATSON
EAST LIVERPOOL, OHIO
B. S. in Radio Engineering
Radio Engineering Society

CHARLES B. WELLER
DAYTON, OHIO
B. S. in Electrical Engineering
B. S. in Administrative Engineering
Electrical Engineering Society.

CHARLES H. WEST
FREEPORT, OHIO
B. S. in Mechanical Engineering
Society of Automotive Engineers; Skull and Bones C. O. A., Secretary, Tri-Angle Reporter; Mechanical Engineering Society, President, Secretary, Tri-Angle Reporter; Student Council; Student Director; Inter-Fraternity Council; Kappa Sigma Kappa, President, Secretary; Tri-State Chapter, Angola Junior Chamber of Commerce, Charter Member.

ROBERT W. WIESENER
ROCHESTER, MINNESOTA
B. S. in Mechanical Engineering
Mechanical Engineering Society; Society of Automotive Engineers; Tri-State Chapter, Angola Junior Chamber of Commerce; Silver Key.

LYLE C. WILCOX
LANSING, MICHIGAN
B. S. in Radio Engineering
Radio Engineering Society; Tau Sigma Eta; Who's Who; Bronze Scholastic Plaque.

ALAN S. WINTER
NORTH MUSKEGON, MICHIGAN
B. S. in Civil Engineering
Civil Engineering Society; Flying Thunderbirds, Treasurer; Kappa Sigma Kappa, Treasurer.

RONALD E. WITTHOHN
NEW YORK, NEW YORK
B. S. in Civil Engineering
B. S. in Administrative Engineering
Civil Engineering Society; 1955 Modulus, Copy Editor; Financial and Legal Society; Sigma Mu Sigma.

RAYMOND K. J. WONG
HONOLULU, HAWAII
B. S. in Radio Engineering
Radio Engineering Society.

ABRAHAM P. WOOD, JR.
HONOLULU, HAWAII
B. S. in Civil Engineering
Civil Engineering Society, Treasurer.

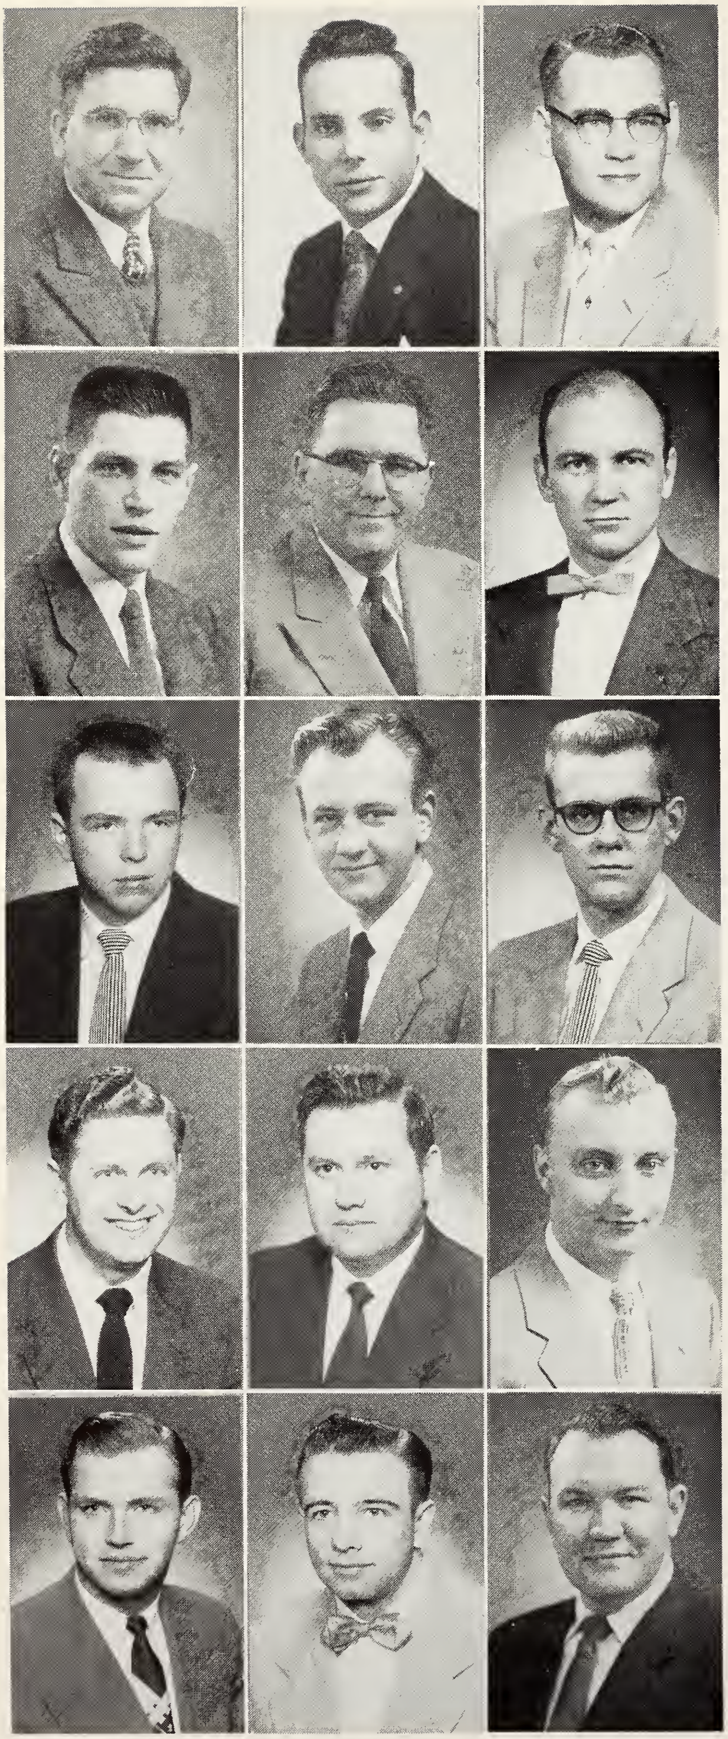
PHILIP S. S. WU
SHANGHAI, CHINA
B. S. in Mechanical Engineering
Mechanical Engineering Society; Society of Automotive Engineers; Chinese Club, President; Photo Society.

GRADUATES

June
August

SENIOR CLASS OFFICERS

Harold Weitzel, *secretary;* Wayne Boruff, *president;* William Davidson, *vice-president;* and Dominick Romanello, *treasurer.*



AMIR AHMAD
LAHORE, PUNJAB, PAKISTAN
B. S. in Mechanical Engineering
Mechanical Engineering Society; Photo Society; Rifle and Pistol Association.

JAMES D. ANDERSON
STOCKTON, CALIFORNIA
B. S. in Radio Engineering
Radio Engineering Society; Rifle and Pistol Association, President, Vice-President, Secretary, Treasurer; Student Council.

ROY J. AUSTILL
IOLA, KANSAS
B. S. in Radio Engineering
Radio Engineering Society, Vice-President, Treasurer.

DUANE W. BAXTER
EDON, OHIO
B. S. in Electrical Engineering
Electrical Engineering Society.

RUDOLPH E. BEISTER
KALAMAZOO, MICHIGAN
B. S. in Electrical Engineering

RICHARD C. BERNS
BRIDGEPORT, CONNECTICUT
B. S. in Electrical Engineering
Electrical Engineering Society, Treasurer.

DARREL L. BILLINGS
AUBURN, INDIANA
B. S. in Mechanical Engineering
Beta Phi Theta; Booster Club.

RONALD L.. BISHOP
BENTON HARBOR, MICHIGAN
B. S. in Chemical Engineering
Student Affiliate, American Checimal Society, Vice-President.

JAMES A. BLEDSOE
ANGOLA, INDIANA
B. S. in Accounting
B. S. in Business Administration
Silver Key; Booster Club, Secretary; Alpha Beta Alpha, President, Treasurer; Tri-Angle Staff; Sigma Epsilon; Varsity Basketball; Student Director.

LEONARD R. BLOOM
WARSAW, INDIANA
B. S. in Civil Engineering
Beta Phi Theta, Vice-President, Secretary; Civil Engineering Society.

MARVIN WAYNE BORUFF
BEDFORD, INDIANA
B. S. in Mechanical Engineering
Senior Class President; Alpha Gamma Upsilon, President, Secretary; Society of Automotive Engineers, Student Chapter.

NORMAN R. BREYFOGLE
HOMEWOOD, ILLINOIS
B. S. in Business Administration
Silver Key; Sigma Mu Sigma, Vice-President, Treasurer; Sigma Epsilon, Treasurer, Secretary; 1955 Modulus, Business Manager; Tri-State Chapter, Angola Junior Chamber of Commerce, President, Director; Tri-Angle Staff; Inter-Fraternity Council; Student Council; Financial and Legal Society; Booster Club; Photo Society; 550 Club; Alpha Beta Alpha.

EDWARD R. BRUBAKER
HARBOR SPRINGS, MICHIGAN
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; American Society Tool Engineers.

JAMES W. BROWN
SOUTH BEND, INDIANA
B. S. in Mechanical Engineering

GEORGE M. BROWN
ROCKY MOUNT, NORTH CAROLINA
Certificate in Surveying
Civil Engineering Society.

JOHN M. BURKHART
LANCASTER, PENNSYLVANIA
B. S. in Radio Engineering
Radio Engineering Society; Glee Club; Photo Society.

IVAN T. CADY
BATAVIA, NEW YORK
B. S. in Aeronautical Engineering
Tri-State Branch, Institute of Aeronautical Sciences; Tri-State Chapter, Angola Junior Chamber of Commerce, Vice-President, Secretary.

LON M. CARICH
GARY, INDIANA
B. S. in Business Administration
Kappa Sigma Kappa; Sigma Epsilon; Tri-Angle Staff; Inter-Fraternity Council.

JAMES O. CARVER
MOBERLY, MISSOURI
B. S. in Chemical Engineering
Student Affiliate, American Chemical Society, President, Treasurer; Tri-State Chapter, Angola Junior Chamber of Commerce; 550 Club.

RAFAEL CHACON
HAVANA, CUBA
B. S. in Mechanical Engineering
Mechanical Engineering Society; Society of Automotive Engineers, Student Chapter; Phi Iota Alpha, President, Secretary, Vice-President; American Society Tool Engineers.

CARLOS A. CLAURE
LA PAZ, BOLIVIA, SOUTH AMERICA
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society; Freshman Class Treasurer.

DONALD R. COLEBROOK
WORCESTER, MASSACHUSETTS
B. S. in Civil Engineering
Sigma Mu Sigma; Civil Engineering Society, Secretary.

JOHN H. CONDIFF
BEDFORD, INDIANA
B. S. in Mechanical Engineering
Alpha Gamma Upsilon, President; Varsity Basketball.

DONALD L. CONKLIN
AFTON, NEW YORK
B. S. in Accounting
Tri-Angle, Editor-In-Chief; Sigma Epsilon, Vice-President, Secretary; Kappa Sigma Kappa, Secretary; Skull and Bones, C. O. A., Treasurer; Student Director; Booster Club; Auditing Internship, Winter, 1955.

HARRY L. COOPER
COLDWATER, MICHIGAN
B. S. in Business Administration

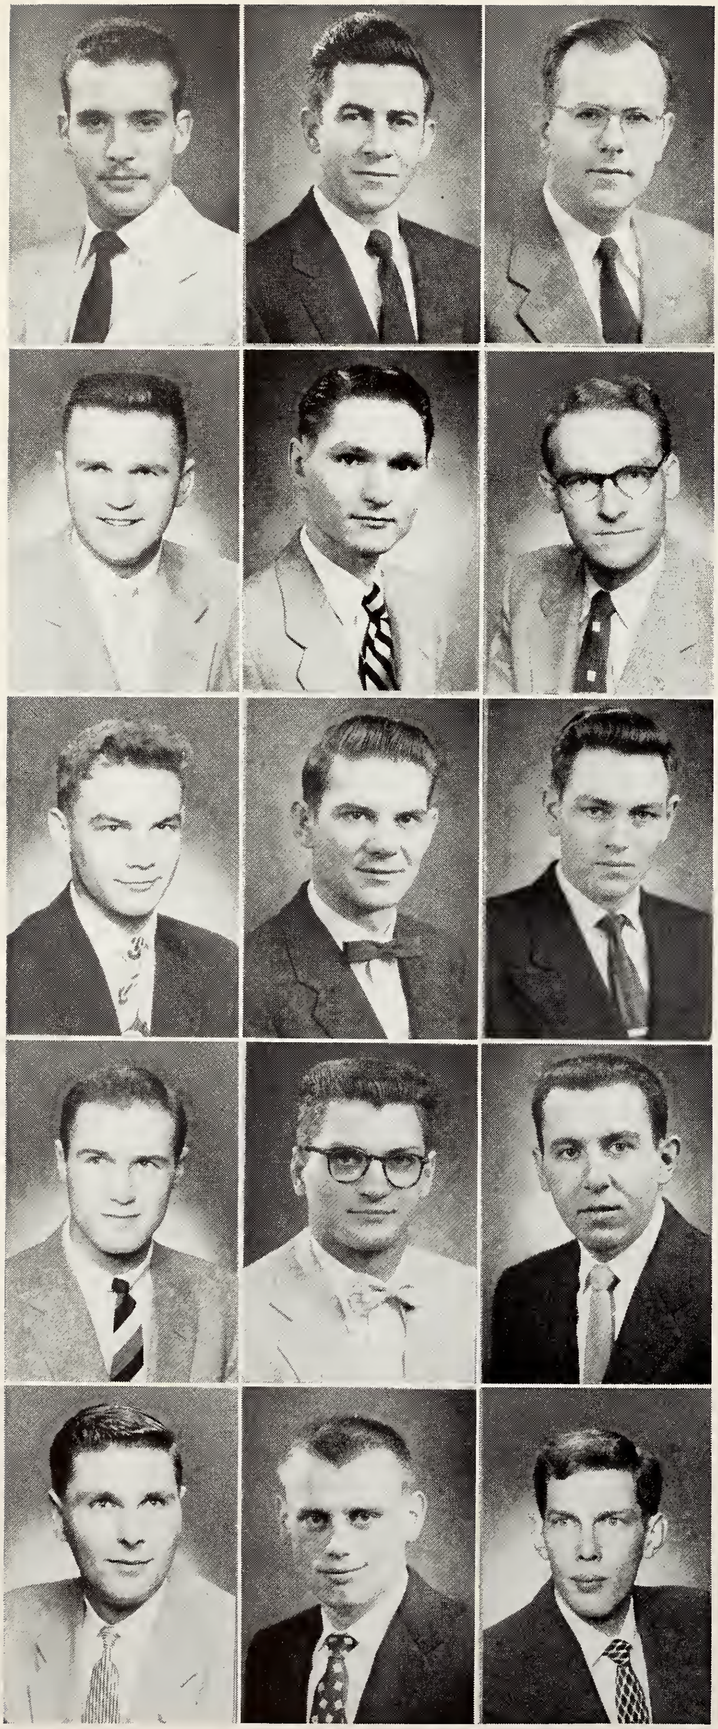
THEODORE E. COURIS
PEABODY, MASSACHUSETTS
B. S. in Electrical Engineering
Sigma Phi Delta, President, Vice-President; Electrical Engineering Society, Vice-President, Treasurer; Skull and Bones, C. O. A., Secretary; Student Director; Financial and Legal Society; Inter-Fraternity Council.

PHIL M. CROSNO
BLOOMINGTON, ILLINOIS
B. S. in Radio Engineering
Sigma Phi Delta, Vice-President; Inter-Fraternity Council; Radio Engineering Society; Financial and Legal Society.

LAWRENCE D. CROWLEY
IRONIA, NEW JERSEY
B. S. in Aeronautical Engineering
Tri-State Branch, Institute of Aeronautical Sciences, Chairman, Vice-Chairman.

MAURICE S. DAVENPORT
PONTIAC, ILLINOIS
B. S. in Chemical Engineering
Student Affiliate, American Chemical Society.

WILLIAM A. DAVIDSON
INDIANAPOLIS, INDIANA
B. S. in Radio Engineering
Senior Class, Vice-President; Sigma Mu Sigma, President; Student Director; Radio Engineering Society.



PETER A. DeLISSER
KINGSTON, JAMAICA, BRITISH WEST INDIES
B. S. in Civil Engineering
Civil Engineering Society; Varsity Tennis.

ROBERTO J. d'ERIZANS
CARACAS, VENEZUELA
B. S. in Civil Engineering
Civil Engineering Society.

HARRY F. DEVENPORT
CORNING, NEW YORK
B. S. in Mechanical Engineering

WILLIAM F. EARLY
JONESVILLE, MICHIGAN
B. S. in Business Administration
Sigma Epsilon; Beta Phi Theta; Booster Club; 550 Club.

EDWARD P. ECHANDIA
NEW YORK, NEW YORK
B. S. in Electrical Engineering
Silver Key; Tau Sigma Eta; Electrical Engineering Society.

HERBERT W. ECKMAN
FREMONT, INDIANA
B. S. in Civil Engineering
Civil Engineering Society; Silver Key.

OWEN E. EHLERS
CORNUCOPIA, WISCONSIN
B. S. in Chemical Engineering
Sigma Phi Delta; Student Affiliate, American Chemical Society; Inter-Fraternity Council.

ROY E. ELLIS, JR.
ASHEVILLE, NORTH CAROLINA
B. S. in Mechanical Engineering

PETER C. ENRIGHT
NEW YORK, NEW YORK
B. S. in Radio Engineering
B. S. in Administrative Engineering
Radio Engineering Society.

GEORGE F. ESENWEIN, JR.
WAKARUSA, INDIANA
B. S. in Aeronautical Engineering
Tri-State Branch, Institute of Aeronautical Sciences, President, Treasurer; Student Director.

PAUL D. FADOW
DETROIT, MICHIGAN
B. S. in Mechanical Engineering
Silver Key; Tau Sigma Eta, President; Society of Automotive Engineers, Student Chapter, Chairman, Treasurer; Mechanical Engineering Society.

NORMAN R. FEICHTER
MASSILLON, OHIO
B. S. in Business Administration
Beta Phi Theta, President; Inter-Fraternity Council, Vice-President; Varsity Baseball; Booster Club; Financial and Legal Society; Student Director; 550 Club; Sigma Epsilon.

ROLAND E. FINN
STAMFORD, CONNECTICUT
B. S. in Business Administration
Sigma Mu Sigma, President, Secretary, Treasurer; Junior Class, President; Skull and Bones, C. O. A., President; Tri-Angle Staff; Modulus Staff, 1954, 1955; Tri-State Chapter, Angola Junior Chamber of Commerce, Treasurer; 550 Club, Secretary; Student Director; Sigma Epsilon Society; Financial and Legal Society.

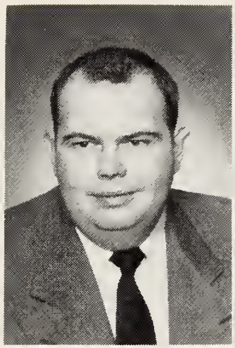
BYRON L. FISHBAUGH
ST. MARYS, OHIO
B. S. in Mechanical Engineering
Silver Key; Tau Sigma Eta, President, Secretary; Student Council; Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society, President.

RICHARD D. FISHER
ANGOLA, INDIANA
B. S. in Civil Engineering
Civil Engineering Society, Treasurer

ROBERT W. FLEMING
SHADYSIDE, OHIO
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society.

RALPH E. FREATHY
FLINT, MICHIGAN
B. S. in Radio Engineering
Radio Engineering Society; Sigma Mu Sigma.

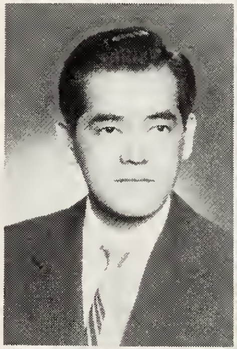
YUM CHI FU
KOWLOON, HONGKONG
B. S. in Mechanical Engineering
Chinese Club.

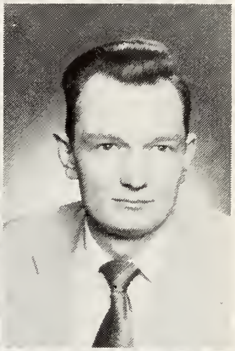


EIZO GIBO
SPRECKELSVILLE, MAUI, HAWAII
B. S. in Radio Engineering
Radio Engineering Society.

MILLARD C. GODWIN
MIDDLESEX, NORTH CAROLINA
B. S. in Chemical Engineering
550 Club, Vice-President; Chemical Engineering Society, Secretary, Vice-President; Sigma Mu Sigma; Student Council.

WILLIAM C. GOODSHIP
YOUNGSTOWN, OHIO
B. S. in Business Administration
Sigma Mu Sigma.

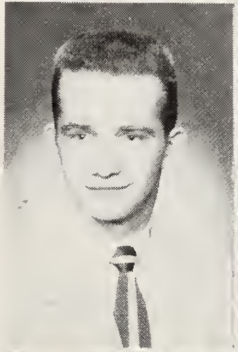


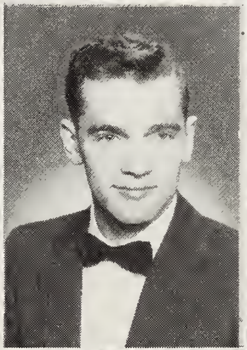


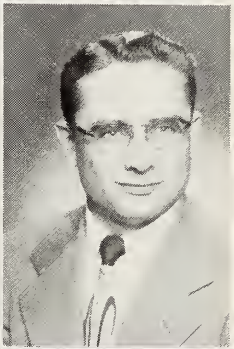
DENNIS P. GRAUMANN
BENSENVILLE, ILLINOIS
B. S. in Accounting
B. S. in Business Administration
Chess Club; Student Council; Commercial Bowling; Tri-Angle Staff; Phi Kappa Fraternity, Treasurer, Vice-President; Sophomore Class Secretary; Junior Class Treasurer.

GLENN E. GRAY
TIPPECANOE, OHIO
B. S. in Mechanical Engineering
Kappa Sigma Kappa, Treasurer, Vice-President; Mechanical Engineering Society; Tri-State Chapter, Angola Junior Chamber of Commerce, Director, Treasurer; Freshman Class Secretary; Junior Class Secretary.

NELLIS F. GREEK
WEST UNITY, OHIO
B. S. in Business Administration
Financial and Legal Society, President; Sigma Mu Sigma, Secretary; Sigma Epsilon; Student Council.



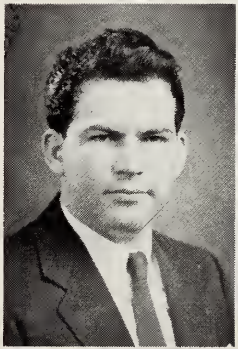


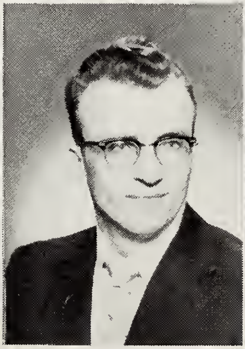


EDWIN K. GRIFFEY
SELMA, INDIANA
B. S. in Mechanical Engineering
Mechanical Engineering Society; Society of Automotive Engineers, Student Chapter.

DALE R. GRIMM
NEW CASTLE, PENNSYLVANIA
B. S. in Mechanical Engineering
Alpha Sigma Phi, Secretary, Vice-President; Mechanical Engineering Society; Society of Automotive Engineers, Student Chapter.

DONALD J. GROLEMUND
KANE, PENNSYLVANIA
B. S. in Electrical Engineering
Electrical Engineering Society, President.

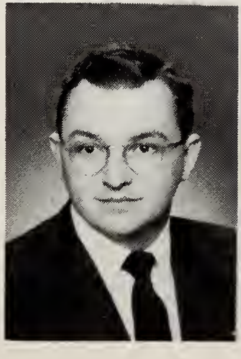


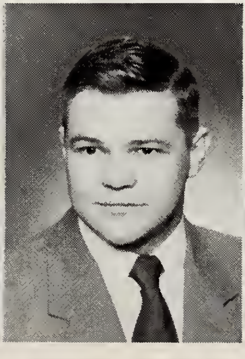


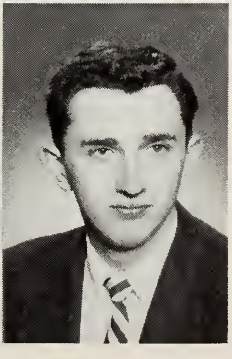
DONALD P. GUCKENBERGER
COLUMBUS, INDIANA
Certificate in Drawing and Design
Sigma Mu Sigma; Inter-Fraternity Council; Civil Engineering Society.

PAUL E. GUISEWHITE
MUNCY, PENNSYLVANIA
B. S. in Accounting
Alpha Gamma Upsilon, Treasurer; 1954 Modulus Staff; Financial and Legal Society, Treasurer; Sigma Epsilon; College Band.

ROBERT H. HABER
LINDEN, NEW JERSEY
B. S. in Aeronautical Engineering
Alpha Gamma Upsilon, President, Secretary; Tri-State Branch, Institute of Aeronautical Sciences; Financial and Legal Society.







CHARLES G. HALL, JR.
MALDEN, MASSACHUSETTS
B. S. in Chemical Engineering
Student Affiliate, American Chemical Society, President, Secretary; Tri-State Chapter, Angola Junior Chamber of Commerce.

ROBERT L. HALLMAN
TAMAQUA, PENNSYLVANIA
B. S. in Business Administration
Alpha Sigma Phi, President; 1954 Modulus; Tri-Angle Staff; Student Director; Sigma Epsilon.

BASIME M. HALWANI
BEIRUT, LEBANON
B. S. in Aeronautical Engineering
Tri-State Branch, Institute of Aeronautical Sciences.

BADR M. HALWANY
NEWARK, NEW JERSEY
B. S. in Aeronautical Engineering
Tri-State Branch, Institute of Aeronautical Sciences.

ERNEST R. HELMBRECHT
TASWELL, INDIANA
B. S. in Radio Engineering
Radio Engineering Society.

THOMAS B. HENDERSON, JR.
EL CENTRO, CALIFORNIA
B. S. in Civil Engineering
Civil Engineering Society; Mathematical Society, Secretary, Treasurer.

DONALD R. HEWITT
MUNCIE, INDIANA
B. S. in Radio Engineering
Radio Engineering Society.

JAMES A. HILL
JACKSON, MICHIGAN
B. S. in Civil Engineering
Tau Sigma Eta; Civil Engineering Society, President; Gold Key.

JACK L. HIPCHEN
MOUNT JEWETT, PENNSYLVANIA
B. S. in Business Administration
Student Council; Sigma Epsilon; Fnancial and Legal Society, Secretary; Tri-Angle Staff; Beta Sigma Tau, President, Vice-President, Secretary.

ROBERT F. HOUT
MIDDLEBURY, INDIANA
B. S. in Radio Engineering
Radio Engineering Society.

WILLIAM D. HOUT
MIDDLEBURY, INDIANA
B. S. in Accounting
Kappa Sigma Kappa, Treasurer; Junior Class Vice-President; Freshman Class Treasurer; Photo Society, Treasurer; Tri-Angle, Editor-In-Chief.

SIMON IZAGUIRRE RIVAS
TRUJILLO, VENEZUELA, SOUTH AMERICA
B. S. in Civil Engineering
Civil Engineering Society; Phi Iota Alpha, President, Treasurer, Secretary; Student Council; Inter-Fraternity Council.

THEODORE A. JACOBS
LANSFORD, PENNSYLVANIA
B. S. in Mechanical Engineering
Sigma Phi Delta; Tau Sigma Eta; Student Council; Mechanical Engineering Society; Society of Automotive Engineers, Student Chapter.

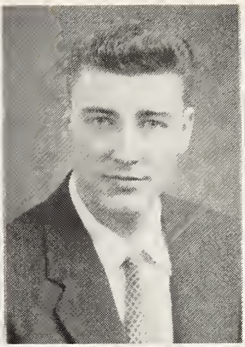
HARRY S. JAKUBOWSKI
DUNKIRK, NEW YORK
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society; Inter-Fraternity Council; Phi Kappa Fraternity, President, Treasurer, National Representative.

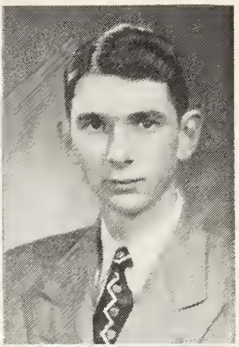
CURTIS E. JOHNSON
ROCKFORD, ILLINOIS
B. S. in Mechanical Engineering
Mechanical Engineering Society; Society of Automotive Engineers, Student Chapter; Glider Club; Archery Club, President; Tri-Angle Staff.

DONALD JOHNSON
SUPERIOR, WISCONSIN
B. S. in Chemical Engineering
Chemical Engineering Society, Secretary.

EDWARD F. JOHNSON
DEARBORN, MICHIGAN
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society; Alpha Gamma Upsilon, Secretary.

JOHN E. JOHNSON
SELMA, INDIANA
B. S. in Mechanical Engineering
Mechanical Engineering Society; Society of Automotive Engineers, Student Chapter.

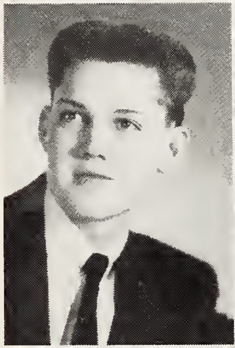


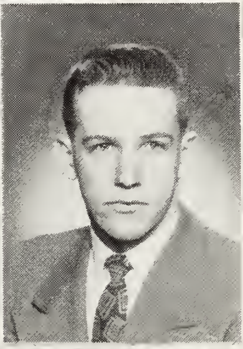


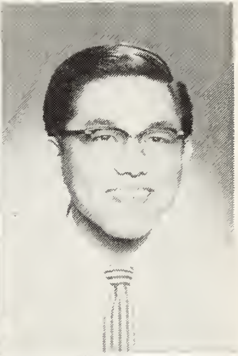
ROGER D. JONES
COLDWATER, MICHIGAN
B. S. in Business Administration

HOWARD J. JORDAN
MUNCIE, INDIANA
B. S. in Mechanical Engineering
Alpha Gamma Upsilon; Mechanical Engineering Society; Society of Automotive Engineering, Student Chapter, Vice-Chairman.

EDWIN T. KAWAMURA
HONOLULU, HAWAII
B. S. in Radio Engineering
Radio Engineering Society.



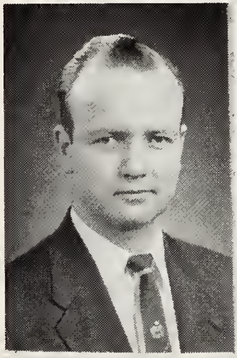


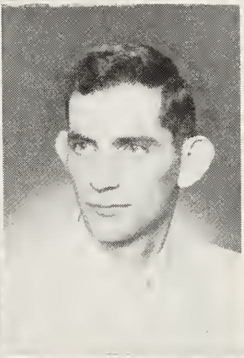


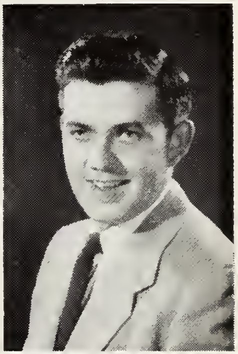
CHARLES W. KETTENDORF
BOSTON, MASSACHUSETTS
B. S. in Mechanical Engineering
Mechanical Engineering Society

CLARENCE W. KIMBALL
NEW BRITAIN, CONNECTICUT
B. S. in Business Administration
Skull and Bones, C. O. A., Treasurer; Inter-Fraternity Council, President; Student Council, Secretary; Sigma Epsilon Society; Student Director; Financial and Legal Society, Chairman, Board of Directors; Silver Key; Alpha Beta Alpha; Sigma Mu Sigma; Sophomore Class President; Junior Class President; Tri-Angle Business Manager; 1954 Modulus Staff; Tri-State Chapter, Angola Junior Chamber of Commerce.

COLEMAN J. KINDLE
MILLVILLE, NEW JERSEY
B. S. in Mechanical Engineering
Mechanical Engineering Society, Vice-President; Society of Automotive Engineers, Student Chapter; Tau Sigma Eta; Gold Key.



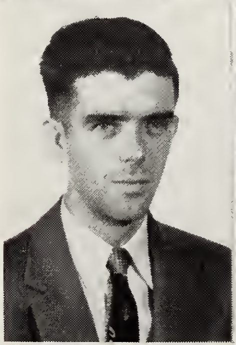


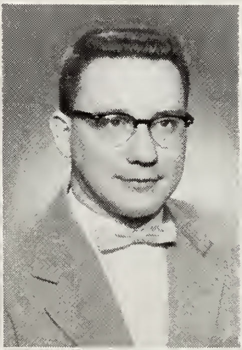


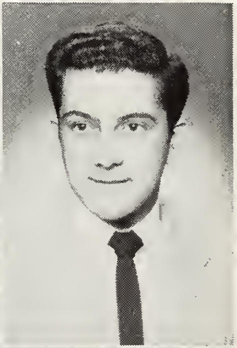
PETER J. KINSELLA
ROCHESTER, NEW YORK
B. S. in Mechanical Engineering

DONALD F. KOELSCH
RICHMOND HILL, NEW YORK
B. S. in Mechanical Engineering
Phi Kappa Fraternity; Varsity Baseball; Society of Automotive Engineers, Student Chapter.

ROBERT E. KOKENDA
BRACKENRIDGE, PENNSYLVANIA
B. S. in Mechanical Engineering
Phi Kappa Fraternity, Vice-President, Secretary; Mechanical Engineering Society; Society of Automotive Engineers, Student Chapter; 550 Club; Inter-Fraternity Council.



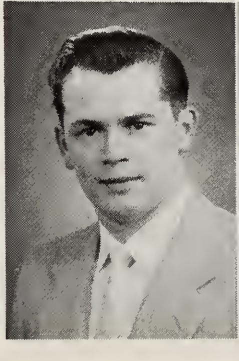


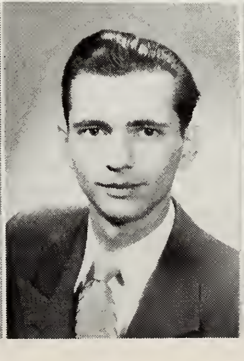


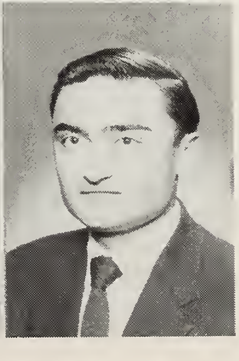
RONALD P. KOLENKO
LACKAWANNA, NEW YORK
B. S. in Electrical Engineering
Electrical Engineering Society

KARL F. KUBIN
WAUWATOSA, WISCONSIN
B. S. in Administrative Engineering
Alpha Sigma Phi; Student Affiliate, American Chemical Society.

HERMAN KUNTE, JR.
MONTERREY, N. L., MEXICO
B. S. in Business Administration
Beta Sigma Tau; Sigma Epsilon, Treasurer; International Students Association, Treasurer, Secretary; Tri-Angle Staff; Inter-Fraternity Council; Student Council; 1954 Modulus Staff.







RICHARD E. LANGE
BATAVIA, NEW YORK
B. S. in Civil Engineering
Sigma Mu Sigma; Civil Engineering Society.

EUGENE LEMKE
HUNTINGTON, INDIANA
B. S. in Radio Engineering
Photo Society, Treasurer, Vice-President; Radio Engineering Society.

BASIL LEVENDIS
CORPUS CHRISTI, TEXAS
B. S. in Mechanical Engineering
Mechanical Engineering Society

GEORGE P. LIACOPOULOS
TOLEDO, OHIO
B. S. in Mechanical Engineering
Alpha Gamma Upsilon, Vice-President; Society of Automotive Engineers, Student Chapter; Financial and Legal Society.

BRADFORD S. LINSCOTT
ATTICA, NEW YORK
B. S. in Mechanical Engineering
Alpha Sigma Phi.

JOHN D. LISLE
VERO BEACH, FLORIDA
B. S. in Accounting

WALLACE A. LOBDELL
FINDLAY, OHIO
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter, President, Vice-President; Mechanical Engineering Society; Financial and Legal Society.

VICTOR LOCASTRO
BABYLON, NEW YORK
B. S. in Civil Engineering
Silver Key.

RALPH L. LOUGHEED
ROCKAWAY, OREGON
B. S. in Chemical Engineering
Sigma Mu Sigma; Student Council; 1955 Modulus Staff; Tri-State Chapter, Angola Junior Chamber of Commerce; Financial and Legal Society, Director; Student Affiliate, American Chemical Society, President.

CHARLES M. MCCAFFREY
MUNCIE, INDIANA
B. S. in Electrical Engineering
Electrical Engineering Society.

FREDERICK E. MCGIRR
ALLIANCE, OHIO
B. S. in Mechanical Engineering
Silver Key; Tau Sigma Eta, Secretary; Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society.

EVERETT P. MCMAHON
GREAT FALLS, MONTANA
B. S. in Mechanical Engineering

LELAND G. MAHONEY
FAIRMOUNT, INDIANA
B. S. in Mechanical Engineering
Mechanical Engineering Society; Society of Automotive Engineers, Student Chapter.

MOHAN M. MANSUKHANI
BOMBAY, INDIA
B. S. in Mechanical Engineering
International Students Association; Mechanical Engineering Society; Society of Automotive Engineers, Student Chapter.

LEE D. MARSDEN
MEDFORD, OREGON
B. S. in Civil Engineering
Civil Engineering Society; Student Director.

MARVIN M. MARSH II
FRESNO, CALIFORNIA
B. S. in Civil Engineering
Civil Engineering Society; Sigma Phi Delta, Treasurer.

E. F. MEIER
EUSTIS, FLORIDA
B. S. in Mechanical Engineering
B. S. in Electrical Engineering
Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society; Electrical Engineering Society.

CARLOS ALBERTO MENDIETA
SAN PEDRO SULA, HONDURAS
B. S. in Civil Engineering
Phi Iota Alpha, Vice-President, Treasurer.

ROBĒRT Y. B. MIAO
HONG KONG
B. S. in Mechanical Engineering
Chinese Club; Society of Automotive Engineering, Student Chapter; Mechanical Engineering Society.

PAUL G. MICHALAK
DUNKIRK, NEW YORK
B. S. in Mechanical Engineering
Phi Kappa Fraternity; Society of Automotive Engineers, Student Chapter; Financial and Legal Society; Mechanical Engineering Society.

RICHARD MOLLICA
ALTOONA, PENNSYLVANIA
B. S. in Electrical Engineering
Alpha Gamma Upsilon, Secretary; Electrical Engineering Society, Secretary; Society of Automotive Engineers, Student Chapter.

YUKITOSHI MORIKAWA
HONOLULU, HAWAII
B. S. in Accounting
Silver Key; Sigma Epsilon.

RICHARD T. MOTT
WILLIAMSPORT, PENNSYLVANIA
B. S. in Chemical Engineering
Student Affiliate, American Chemical Society, Vice-President; Student Director; Tri-Angle Staff.

WILLIAM G. MURDOCK
MILTON, PENNSYLVANIA
B. S. in Civil Engineering
Silver Key; Civil Engineering Society.

RICHARD F. MURPHY
ELKHART, INDIANA
B. S. in Civil Engineering
Civil Engineering Society; Student Council.

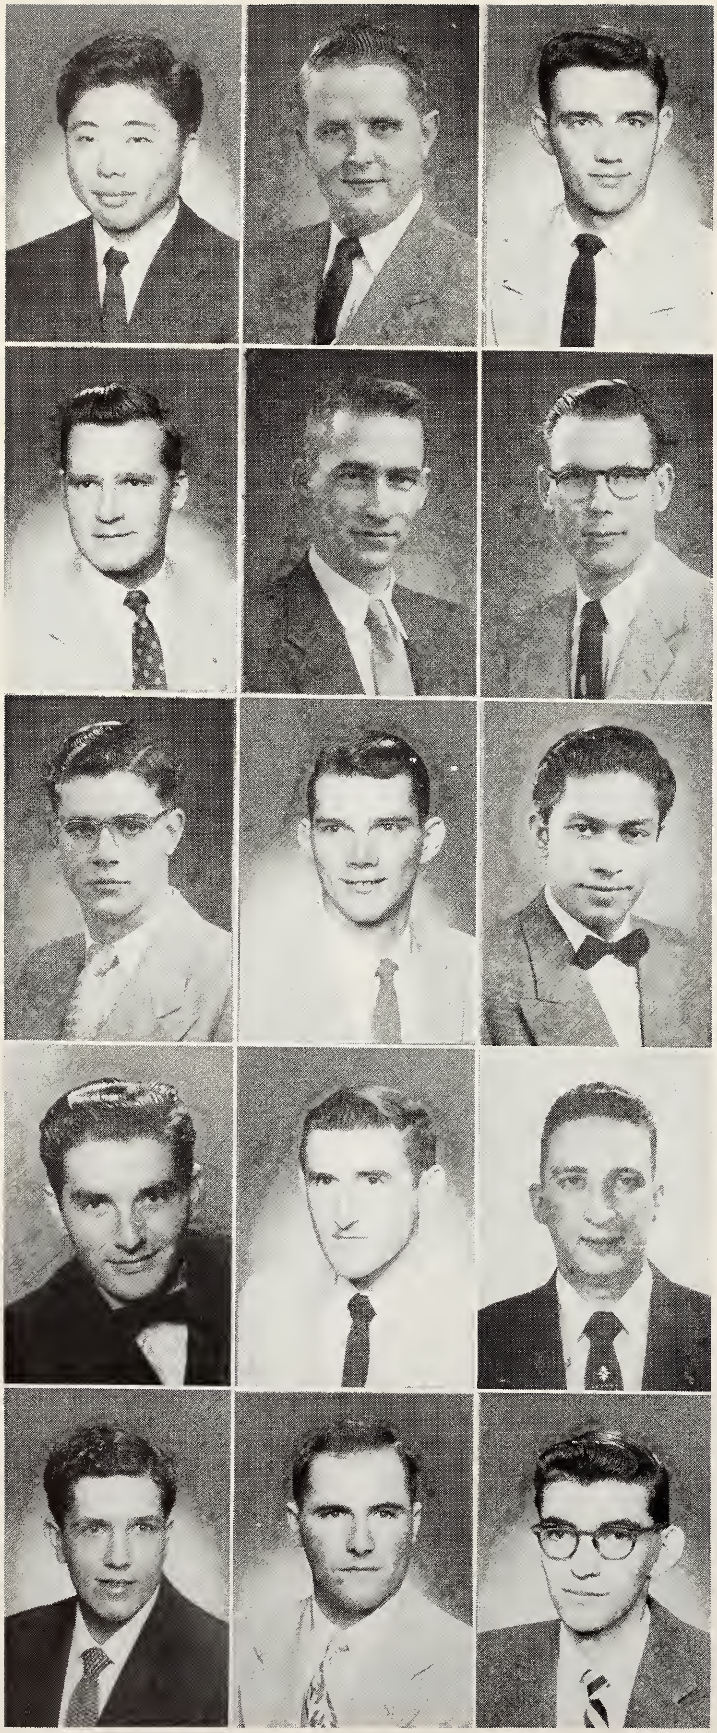
PATRICK M. NOZZOLILLO
WORCESTER, MASSACHUSETTS
B. S. in Aeronautical Engineering
Student Council; 550 Club; Tri-State Branch, Institute of Aeronautical Sciences.

WILLIS F. OBERHAUS
NAPOLEON, OHIO
B. S. in Accounting
Silver Key; 1955 Modulus Staff, Associate Editor; Sigma Epsilon, Vice-President; Beta Phi Theta, Vice-President; Financial and Legal Society; Tri-State Chapter, Angola Junior Chamber of Commerce, Director; Tri-Angle Staff; Inter-Fraternity Council; Student Council; Booster Club.

JOSE M. ONATE A.
VALLEDUPAR, LAPAZ, COLUMBIA,
SOUTH AMERICA
B. S. in Civil Engineering

WAYNE C. ORWIG
ASHLEY, INDIANA
B. S. in Mechanical Engineering
Mechanical Engineering Society; Society of Automotive Engineers, Student Chapter.

EDWARD C. OTT
BUFFALO, NEW YORK
B. S. in Mechanical Engineering
Gold Key; Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society; Tau Sigma Eta; Tri-Angle Staff.



ROBERT K. OYAMA
HONOLULU, HAWAII
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society.

R. ROBERT PAINTER
FRANKLIN, PENNSYLVANIA
B. S. in Civil Engineering
Sigma Phi Delta; Civil Society, Secretary; Tri-State Chapter, Angola Junior Chamber of Commerce, Director; College Band; Tri-Angle Staff.

BILL W. PARKS
ANDERSON, INDIANA
B. S. in Aeronautical Engineering
Alpha Sigma Phi, Vice-President; Inter-Fraternity Council, Secretary; Tri-State Branch, Institute of Aeronautical Sciences; Student Council; Tri-State Chapter, Angola Junior Chamber of Commerce, Director; Booster Club.

HOWARD H. PAYNE
OIL CITY, PENNSYLVANIA
B. S. in Civil Engineering
Phi Kappa, Treasurer; Inter-Fraternity Council; Civil Engineering Society.

HOWARD C. POST
SOUTH BEND, INDIANA
B. S. in Electrical Engineering
Silver Key; Electrical Engineering Society; Tau Sigma Eta.

VIRGIL F. POWELL
GLENDALE, CALIFORNIA
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Sigma Phi Delta.

RALPH E. PRESCOTT
UNION CITY, INDIANA
B. S. in Electrical Engineering
Electrical Engineering Society.

JOHN RADAK, JR.
JOHNSTOWN, PENNSYLVANIA
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Financial and Legal Society; Rifle and Pistol Club.

HABIBUR RAHMAN
SYLHET, PAKISTAN
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society; Financial and Legal Society; Voice of America Broadcasts.

ANDREW N. REBOCHAK
WINDBER, PENNSYLVANIA
B. S. in Business Administration

HAROLD J. REED
WEISSPORT, PENNSYLVANIA
B. S. in Business Administration
Sigma Mu Sigma, Treasurer; Sigma Epsilon; Financial and Legal Society, Secretary; Tri-Angle Staff; Rifle and Pistol Association; 550 Club; Tri-State Chapter, Angola Junior Chamber of Commerce; Glider Club, President, Flight Director.

LEONARD A. REICH
BROOKLYN, NEW YORK
B. S. in Radio Engineering
Photo Society, President, Secretary; Radio Engineering Society; Society of Automotive Engineers, Student Chapter; Sigma Mu Sigma; Student Council; Tri-Angle Staff; 1955 Modulus Staff.

SEWARD N. REISCH
ALLIANCE, OHIO
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society.

WAYNE E. RENNAKER
BLUFFTON, INDIANA
B. S. in Mechanical Engineering
Sigma Mu Sigma.

JOHN W. RICHARD
ELKHART, INDIANA
B. S. in Mechanical Engineering
Mechanical Engineering Society, President, Treasurer; Society of Automotive Engineers, Student Chapter; Student Council; American Society of Tool Engineers; Financial and Legal Society; Kappa Sigma Kappa, President.

DOMENIC J. ROMANELLO
PORT CHESTER, NEW YORK
B. S. in Civil Engineering
Senior Class Treasurer; Civil Engineering Society, Secretary.

GERMAN RONCANCIO
BOGOTA, COLOMBIA, SOUTH AMERICA
B. S. in Administrative Engineering
B. S. in Civil Engineering
Phi Iota Alpha, President, Vice-President, Secretary; Financial and Legal Society; Civil Engineering Society; Student Council.

ALBERT E. ROSE
JAMAICA, BRITISH WEST INDIES
B. S. in Civil Engineering
International Students Association, President.

JOSEPH W. ROSE
LANCASTER, OHIO
B. S. in Civil Engineering
Civil Engineering Society, Vice-President; Tri-Angle Staff.

RONALD G. RUMPF
MALTA, ILLINOIS
B. S. in Mechanical Engineering
Gold Key; Tri-State Christian Fellowship, President; Society of Automotive Engineers, Student Chapter; Tau Sigma Eta.

CHARLES E. RUSSELL
BALDWINSVILLE, NEW YORK
B. S. in Mechanical Engineering

DUANE A. SCHMALTZ
BARODA, MICHIGAN
B. S. in Radio Engineering
Radio Engineering Society; Mathematical Society; Alpha Gamma Upsilon, Secretary; Student Council.

RONALD D. SCHWARTZ
GLENDALE, CALIFORNIA
B. S. in Mechanical Engineering
Rifle Club, Vice-President; Sigma Phi Delta, Secretary; Society of Automotive Engineers, Student Chapter; Financial and Legal Society.

TED J. SHEEHY
COLDWATER, MICHIGAN
B. S. in Mechanical Engineering
Varsity Baseball; Society of Automotive Engineers, Student Chapter; 550 Club.

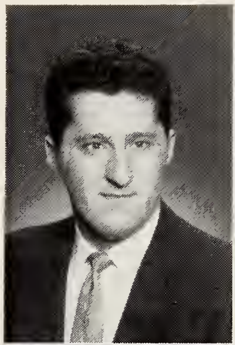
DAVID G. SHENEFIEL
RANDOLPH, NEW YORK
B. S. in Chemical Engineering
Sigma Mu Sigma, Treasurer; Student Council; Tri-Angle Staff; Freshman Class Vice-President.

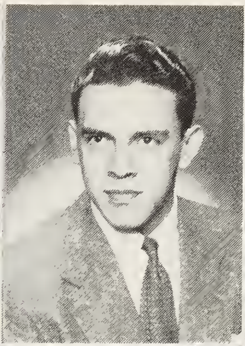
HERBERT A. SHEPARD
KALAMAZOO, MICHIGAN
B. S. in Electrical Engineering
Electrical Engineering Society, President, Silver Key.

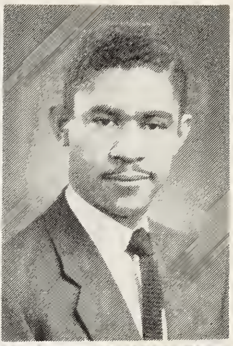
HOWARD A. SISSON
EAST HARTFORD, CONNECTICUT
B. S. in Business Administration
Sigma Mu Sigma; Sigma Epsilon; 1955 Modulus Staff; Photo Society, Treasurer; Tri-Angle Staff; Financial and Legal Society.

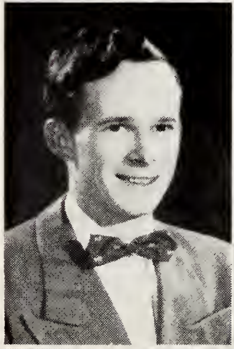
KENNETH R. SKINNER
DECATUR, ILLINOIS
B. S. in Radio Engineering
Radio Engineering Society, Secretary, Treasurer; 550 Club, Vice-President; Radio Club, W9PMZ, Vice-President.

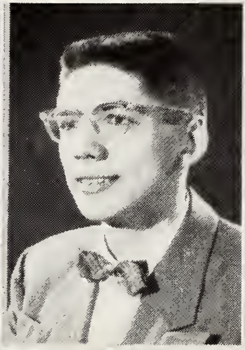
JACK W. SNOW
CANON CITY, COLORADO
B. S. in Civil Engineering
Tau Sigma Eta; Civil Engineering Society.

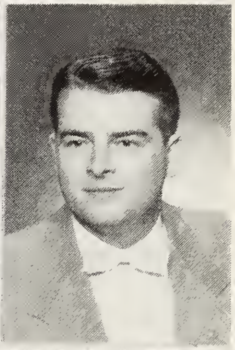


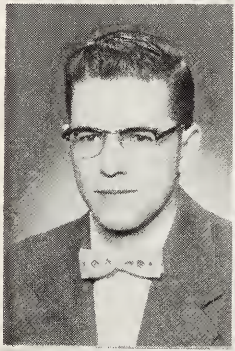


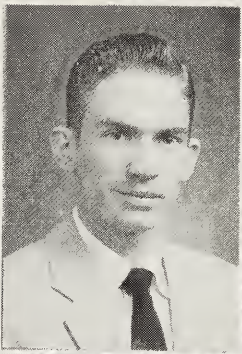


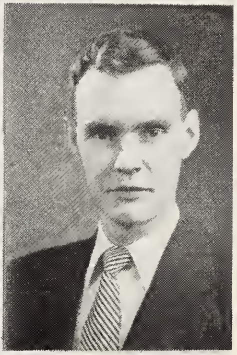


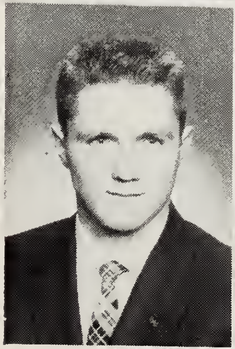


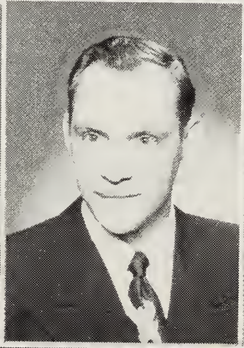


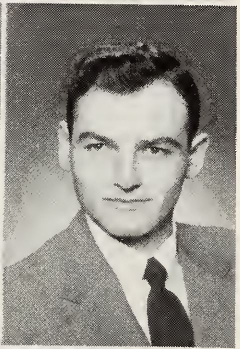


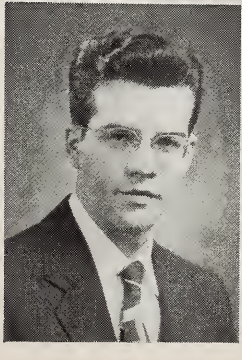


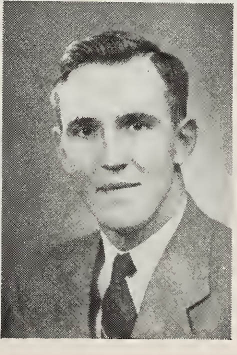


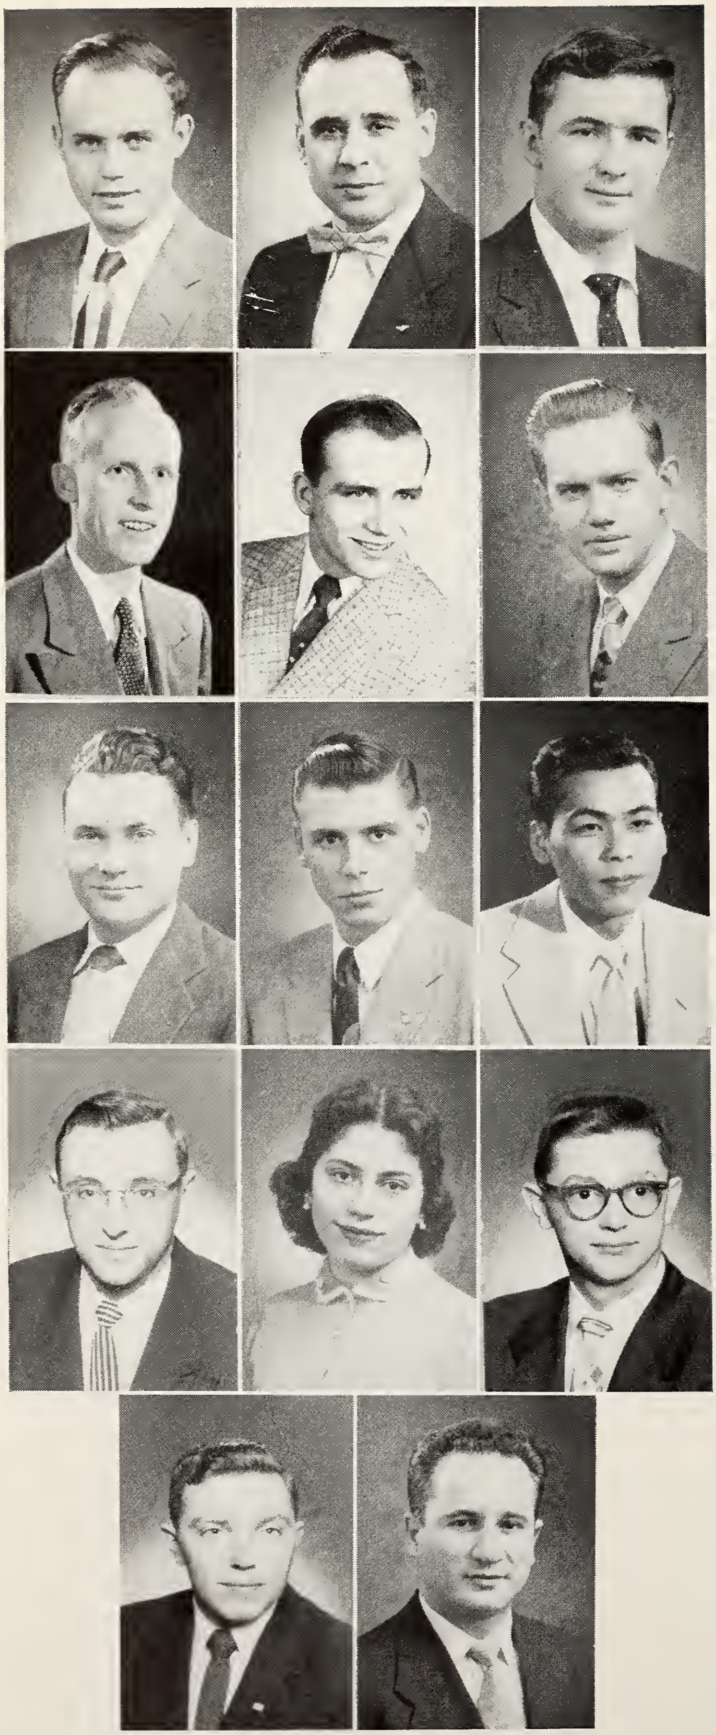












ARTHUR J. SOLIE
KLAMATH FALLS, OREGON
B. S. in Radio Engineering
Radio Engineering Society.

ROBERT R. SPATZ
BRUNO, NEBRASKA
B. S. in Aeronautical Engineering
Silver Key; Tri-State Chapter, Angola Junior Chamber of Commerce, President, Secretary; Tri-State Branch, Institute of Aeronautical Sciences, President, Secretary; Tau Sigma Eta; Who's Who; Student Director.

ROBERT E. SPEARS
KAPUSKASING, ONTARIO, CANADA
B. S. in Civil Engineering
Sigma Mu Sigma; Civil Engineering Society, Silver Key.

DONALD F. STEARNS
BLOOMDALE, OHIO
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter, Secretary; Mechanical Engineering Society.

KENNETH W. STEENBERGH
BENTON HARBOR, MICHIGAN
Certificate in Engineering Drawing and Design
Glee Club.

JOHN G. STEWART
NIAGARA FALLS, NEW YORK
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society.

JOHN R. STRINGER
MONTGOMERY, ALABAMA
B. S. in Radio Engineering
Radio Engineering Society, President, Treasurer; Radio Club W9PMZ, Secretary, Treasurer.

ALLAN M. SWAGART
ST. JOHNS, MICHIGAN
B. S. in Aeronautical Engineering
Sigma Phi Delta, Tri-State Branch, Institute of Aeronautical Sciences.

SHIZUO TAGAWA
PAAUILO, HAWAII
B. S. in Radio Engineering
Silver Key; Radio Engineering Society.

DONALD K. TEBO
LANSING, MICHIGAN
B. S. in Accounting
Silver Key; Alpha Beta Alpha, Vice-President, Secretary; Tri-State Chapter, Angola Junior Chamber of Commerce; Sigma Epsilon.

NANCY L. THOMAS
LIMA, OHIO
Certificate in Secretarial Course
Kappa Tau Sigma, President; Booster Club, Treasurer; Sigma Epsilon, Secretary; Glee Club; Tri-Angle Staff; Cheer Leader.

ROGER V. THOMAS
EDON, OHIO
B. S. in Aeronautical Engineering
Tri-State Branch, Institute of Aeronautical Sciences, Treasurer; 1954 Modulus Staff; Tri-Angle Staff; Flying Thunderbirds.

FRED T. THOMASSON
EAST ISLIP, NEW YORK
B. S. in Aeronautical Engineering
Alpha Sigma Phi, Secretary; Tri-State Branch, Institute of Aeronautical Sciences, Vice-Chairman; Booster Club, President; Student Council; Tri-Angle Staff.

SALVATORE S. TRAMUTA
FREDONIA, NEW YORK
B. S. in Mechanical Engineering
Society of Automotive Engineers, Student Chapter; Mechanical Engineering Society; American Society of Tool Engineers.

RON M. URGITUS
UNITY, PENNSYLVANIA
B. S. in Aeronautical Engineering
Student Director; Kappa Sigma Kappa; Freshman Class President; Sophomore Class Vice-President; Student Council; Vice-President; Tri-State Branch, Institute of Aeronautical Sciences, Vice-Chairman.

ROBERT VAN DEUSEN
HONESDALE, PENNSYLVANIA
B. S. in Electrical Engineering

GERMAN VILLA-GUTIERREZ
MEDELLIN, COLOMBIA,
SOUTH AMERICA
B. S. in Civil Engineering
Civil Engineering Society; Rifle and Pistol Association; Phi Iota Alpha; Chess Club.

DONALD A. WALLACE
KEARNY, NEW JERSEY

Who's Who Among Students In American Colleges and Universities

1954—1955

Twenty-one Tri-Staters were nominated for inclusion in the 1954-1955 edition of "Who's Who Among Students in American colleges and Universities." Selection is made by a faculty committee on the basis of scholarship, leadership, citizenship, and promise of future usefulness to society. The Tri-State nominees are front row, left to right: Joseph C. Toman, student in Aeronautical Engineering, Hamilton, Ohio; E. Dean Lawrence, Business Administration, Columbia City, Indiana; Harold Quast, Radio Engineering, Hicksville, L. I., New York; James Hamilton, Civil Engineering, Marshall, Michigan; and Arnold Kloock, Chemical Engineering, Romeo, Michigan. In the middle row, left to right, are: Don Tebo, Accounting, Lansing, Michigan; Robert Wallace, Business Administration, Greenlane, Pennsylvania; Carl Raney, Business Administration, Angola, Indiana; Harold Weitzel, Electrical Engineering, Butler, Pennsylvania; Donald Cutter, Electrical Engineering, Melrose, Massachusetts; Gerald Lutz, Aeronautical Engineering, Johnson City, New York; Robert Spatz, Aeronautical Engineering, Bruno, Nebraska; and James Donmoyer, Mechanical Engineering, Harrisburg, Pennsylvania. In the back row, left to right are: Gary Bordner, Chemical Engineering, Burr Oak, Michigan; Albert Guilford, Civil Engineering, Angola, Indiana; Medford Pettit, Civil Engineering, Wabash, Indiana; Ronald Rumpf, Mechanical Engineering, Malta, Illinois; John Taggart, Electrical Engineering, Portersville, Pennsylvania; Lyle Wilcox, Radio Engineering, Lansing, Michigan; and Robert Obee, Radio Engineering, Toledo, Ohio. Also selected for "Who's Who" but not present for the picture was Robert E. Brady, Chemical Engineering, of Cypress, California.

Scholastic Awards

Inscribed on the Bronze Scholastic Plaque are the names of

E. Dean Lawrence
John Taggart
Lyle C. Wilcox
Robert Obee

In recognition of eight quarters of outstanding scholastic achievement, and in lieu of second Gold Key awards.

Tri-State Student Directors

The Tri-State Student Directors group was instituted during the winter quarter, 1954, and has been officially recognized by the college as an honorary organization of distinction and prestige. The primary purpose of the group is to be of service to the college. Membership is by selection only and is based on scholastic achievement, leadership, cooperation, dependability, and willingness to serve. Functions include service during registration and orientation periods and at other campus and college affairs. Tri-State Student Directors serve under the direction of the Dean of Students.

Among others appointed as Student Directors during the past several quarters were Theodore Couris, William Davidson, George Esenwein and Domenic Wilyat, all of whom are members of the Senior Class.

Alpha Beta Alpha, the honorary commercial society, was founded in September of 1938. The Society was originated to recognize outstanding scholarship and leadership among students in the Department of Commerce. The objects of the Society are to create an enthusiasm for scholarship, to promote leadership, and to develop character.

A combination of ability and earnest effort is required to become a member, indeed a worthy honor as is shown by the active support and interest taken in the Society by the alumni members who frequently attend its quarterly banquets.

Under the guidance of Professor H. R. Hoolihan, Head of the Department of Commerce, and H. W. Hoolihan, Associate Professor in Commerce, the Society encourages its members and all future members to maintain a high scholastic standing. To be eligible for membership, a student must maintain an average grade of "B" for four successive terms with no more than one "C", or an average grade of "A" for three successive terms. The high ideals, set by Alpha Beta Alpha as a standard, could well serve as a goal for all students of the Department of Commerce.

In the spring of 1948 the foundation was laid for Skull and Bones, C. O. A., an honorary society. Membership in Skull and Bones, C. O. A. is by election and based on the student's participation and leadership in campus organizations and activities. The purpose of this honorary organization, national in scope, is to recognize outstanding leadership of students in extra-curricular activities, to encourage and promote student activities, to stimulate student brotherhood and spirit, and to forever honor to the highest degree the traditions and prestige of Tri-State College.

Treasurer	Robert Ahlman

Tau Sigma Eta, honorary engineering society, was incorporated under the laws of the State of Indiana, on April 10, 1930. Membership in this society is one of the rewards received by students for outstanding scholastic achievements in the School of Engineering.

Requirements for admission into membership are four quarters of college work with a minimum of twenty hours work during each of the four quarters; a scholastic average of 2.1 out of a possible 3.00; with not more than five C's or C-plus. A grade of D or lower disqualifies a student from membership. An average of A for three successive quarters automatically creates eligibility for membership. Members of the society must maintain an average of 2.0 to be considered active.

Tau Sigma Eta encourages brotherhood and good fellowship, a well balanced social program, and the maintenance of high scholastic records. A banquet is held each quarter as a climax to the quarter's activities and aids in encouraging and fostering the ideals of the society. The used book sale at the beginning and end of each quarter is one of the organization's functions.

Lambda Chapter of Alpha Gamma Upsilon came into being May 8, 1949, when the members of Delta Epsilon Chapter of Phi Sigma Chi, a leading fraternity on the campus since the fall of 1927, decided that affiliation with a rapidly-growing national collegiate fraternity would give its members and alumni greater prestige and popularity. The growth of the chapter as well as that of the national organization has proved the soundness of the decision made by the charter members.

In addition to a well-rounded social calendar climaxed by our national convention in the spring of each year, Alpha Gamma Upsilon observes two special days. Founders' Day is celebrated each year on October 10 to commemorate the founding of our fraternity on that date in 1922 and to honor our founders. Omega Day is observed each year on the Sunday nearest to February 1, and is dedicated to the memory of our brothers who have passed away.

The keynote of the aims of Alpha Gamma Upsilon is brotherhood. We believe that only by applying this basic principle of Christianity can the members of a fraternity live and work together in harmony and build lasting friendships. To become a true fraternity man is the goal each member is constantly striving to reach. By selecting as members only those whom we believe possess the qualities essential for becoming such fraternity men, we hope to secure even greater success for Alpha Gamma Upsilon in the coming years.

Alpha Sigma Phi was founded at Yale University in 1845 and is the tenth oldest national social fraternity. It is one of the larger fraternities and is a charter member of the National Interfraternity Conference.

The Beta Omicron Chapter dates back to 1925 when it was known as the Phi Lambda Tau Fraternity. Four years later, Phi Lambda Tau merged with Alpha Delta Alpha, a national fraternity. In 1935, Alpha Delta Alpha disbanded but through the efforts of its local members, a chapter of Alpha Kappa Pi, another national fraternity, was obtained. Eleven years of prosperity passed before Alpha Kappa Pi decided to merge with another great fraternity to form Alpha Sigma Phi.

On September 6, 1946, the local chapter became the Beta Omicron Chapter of the Alpha Sigma Phi fraternity.

Alpha Sigma Phi stands for charity, culture, loyalty, patriotism, and perpetual friendship. Its members face a future made brighter by the flame of the personal relationships kindled in the walls of Alpha Sigma Phi.

Beta Phi Theta was founded at the Milwaukee State Teachers College in November, 1917. The first social fraternity at the college, it flourished purely as a social organization in its first few years. In 1932, plans were made for expansion, and when the first national convention was held in June, 1924, three chapters responded to the roll call. Since that time, other strong local fraternities from other institutions have become affiliated with Beta Phi Theta.

The history of Delta Chapter, the Tri-State College Chapter of Beta Phi Theta, dates back to 1922, when a group of young men banded together as "the Four-Eleven Gang," their sole purpose being the promotion of good fellowship. So successful was the organization, that it was decided to expand to afford other students the opportunity of enjoying this relationship. At this time, Lambda Phi Epsilon was formed. The membership of this fraternity grew, and recognizing one of the great needs of the college students, opened, in 1925, the first fraternity house at Tri-State College. In 1929, when the college recognized fraternities, the members of Lambda Phi Epsilon realized the advantages of national membership and became the Delta Chapter of Beta Phi Theta.

Delta Chapter, now in its twenty-sixth year at Tri-State, has never lost sight of the ideals of its founders. Those chosen for brotherhood are men with courage, initiative and fortitude. This policy of selection has insured lasting life and leadership for the fraternity and has made Beta Phi Theta one of the outstanding organizations on the campus. Scholastically, morally, physically and socially, the members of Delta Chapter are pledged to contribute their best, and will in the future, be more than proud to share the progress of the college, the fraternal body, and their fellow-students.

Beta Sigma Tau's chapter at Tri-State College had its beginnings on October 13, 1950, when Theta Mu Pi officially affiliated with the national fraternity, Beta Sigma Tau.

Beta Sigma Tau was founded in May, 1948, at Chicago. The first convention consisted of seventy-five delegates from eleven colleges. A constitution based on equality, understanding and unity was adopted.

Beta Sigma Tau is unique because membership is not restricted because of race, creed or religion. Prejudice on a college level is ignorance, and not intelligence.

In 1937 the Jewish undergraduates on the Tri-State campus formed a Jewish fraternity. This chapter was active until the outbreak of World War II when the chapter was temporarily discontinued because of the membership going into the Armed Forces. After the war, Theta Mu Pi, Alpha Chapter, was formed. In the winter of 1949 Theta Mu Pi elected to become a non-sectarian organization. The aim of the new organization was to foster the educational, social and spiritual life of its members. This chapter became Beta Sigma Tau at Tri-State.

Indiana Gamma chapter of Kappa Sigma Kappa, international social fraternity, took its place among the campus fraternities on March 17, 1952. While new in name the fraternity has proved its worth as one of the older organizations on the campus.

Kappa Sigma Kappa was founded at Virginia Military Institute in 1867. For many years following the Civil War, new chapters were installed mainly in southern colleges, but since 1935, a chapter has been installed in nearly every state, as well as in several foreign countries.

Today, Kappa Sigma Kappa has more than seventy active chapters.

The Kappa Tau Sigma sorority is a new organization at Tri-State College. The sorority was organized at the beginning of the 1954 quarter for the purpose of giving the co-eds at Tri-State a more active part in the affairs on campus, and to afford the opportunity for more social life. Miss Ross serves as faculty advisor for the sorority, membership in which is open to any girl on the campus.

Composed of Latin-American students, Phi Iota Alpha's history dates back to 1921, when it started its activities as Club Hispano-Americano. After six years of existence as a club, the organization was registered under the laws of the state of Indiana as the Alpha Chapter of Gamma Eta Alpha fraternity.

Joining the ranks later of Phi Lambda Alpha as Eta Chapter, the fraternity did not receive its present designation until 1931. During a national convention on December 26, 1931, Phi Lambda Alpha merged with Sigma Iota to form the present organization, Phi Iota Alpha, of which the organization is Iota Chapter. Under its present title for some nineteen years, the fraternity's aims are to foster a better sense of duty and study among its members and to create that atmosphere which is an integral part of the far-away homes of its members; constantly serving for that great ideal, "The political and economic union of all Latin-American countries," which is the organization's motto and goal.

Alpha Gamma Chapter of Phi Kappa, at Tri-State College, is the result of earnest efforts on the part of the members of the organization once known as Alpha Gamma Omega. In May, 1943, a charter was sought from Phi Kappa National Catholic Fraternity, and on January 24, 1944, the Alpha Gamma Omega fraternity became the twenty-seventh chapter of Phi Kappa fraternity.

Among the many achievements of the chapter in Phi Kappa have been endeavors to maintain the high scholastic standards set by predecessors, as well as participation in all inter-fraternity activities. The main purpose of the group of the Tri-State campus is to aid each member in bettering his efforts in learning; the development of a sense of responsibility and loyalty; the instilling of a fervent desire to contemplate creatively and to act constructively for the advancement of the organization.

Phi Kappa is proud of its accomplishments, and the members are confident their ideals of fraternalism and religion will carry them to ultimate success in their undertakings.

The Alpha Chapter of Sigma Mu Sigma Fraternity was founded at Tri-State College on March 25, 1921, by three Master Masons. This organization was the first fraternity on the campus, and has the distinction of being the oldest recognized fraternal organization at Tri-State.

The Union of Square and Compass and Sigma Mu Sigma was consummated in Angola, Indiana, on August 3, 1952. The fraternity now has eight chapters throughout the country.

Brothers of Sigma Mu Sigma are proud of its history and achievements in the scholastic and social phases, and are continually striving to surpass the goals set by previous memberships. The fraternity's earnest desire is to develop men capable of taking their places in the world with confidence in their ability to meet and to associate with other men. Toward this end, the men of Sigma Mu Sigma will continue to strive.

The Sigma Su's Club is made up of wives of members of Sigma Mu Sigma fraternity. The purpose of the Sigma Su's is to promote closer relationships between the Fraternity and the wives' organization. The Sigma Su's also aid the Fraternity in projects within the "house." The Su's meet in the living room of the Fraternity House.

The Sigma Su's were first organized some years ago but the organization dwindled out and was later re-activated in January, 1954, with four members, Joann Freathy, Gloria Crail, Joan Goodship and Wanda Davidson. The only elected officer is a secretary, elected each quarter, who keeps minutes, directs meetings and also collects and accounts for monies.

When Kappa Chapter of Sigma Phi Delta was founded, one purpose stood out from all the rest. That purpose was to create a greater interest in the engineering profession.

A visitor to the fraternity house could not overlook the many awards earned by the members for scholastic ability. The first requirement for membership in Sigma Phi Delta is a "C" scholastic average. Needless to say, the scholastic averages of the members are far above this.

Sigma Phi Delta exists as one of the three official engineering fraternities of the Professional Inter-fraternity Conference representing the professions of Architecture, Chemistry, Dentistry, Education, Engineering, Journalism, Law, Medicine, and Pharmacy. The membership is international in scope, extending from the British Commonwealth through the United States.

The Inter-Fraternity Council is the fraternity man's Congress, serving to unite the mutual interests of member fraternities and to promote better and closer relationships within the faculty, student body, and fraternities.

Two representatives from each fraternity recognized by the college are authorized to attend meetings each week to plan and direct fraternity activities on the campus. Operating with the full cooperation of the faculty, the council plans social and athletic activities for the student body. Fraternity representatives, acting with the guidance and on suggestions of their fraternities, exercise initiative and leadership in supervising the affairs of the council.

The Inter-Fraternity Council has grown to be one of the most effective organizations on the campus, through the action of well-qualified fraternity representatives.

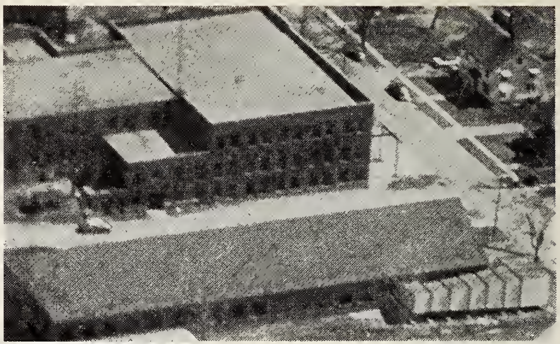
The Aeronautical Society of Tri-State College is a student Branch of The Institute of the Aeronautical Sciences, the national professional organization of aeronautical engineers.

The meetings of the society provide excellent information in the form of special speakers from industry, and pamphlets and circulars, concerning various phases of aeronautics.

The main social event of the term is the Aero Banquet. At this event the officers for the coming term are installed and awards are given to outstanding members. A prominent representative from the field of aeronautics is usually invited to highlight the event with a speech.

The North American Aviation Corporation's Columbus, Ohio plant was toured by Tri-State Aero's in a spring field trip.



The new wind tunnel construction shows clearly in the extreme lower right corner of this air view of the Aero lab and the 500 and 600 buildings.

The Aero Society's rocket calls members' attention to meeting nights when seen on the campus.

The banner of the Tri-State Branch, Institute of Aeronautical Sciences, features the emblem of the I. A. S.

The Society was founded to enable chemical engineering students to become better acquainted, to instill in every student a burning interest in his work and a pride in his profession.

These ends are attained by weekly meetings at which select speakers and motion pictures are presented. They are furthered by field trips, which are arranged whenever possible, and through affiliation with the American Chemical Society.

Since July of 1948 the Chemical Engineering Society has been a student affiliate chapter of the American Chemical Society.

I am a civil engineer. In my profession I take deep pride, but without vain glory; to it I owe solemn obligations that I am eager to fulfill.

As an Engineer, I will participate in none but honest enterprise. To him that has engaged my services, as employer or client, I will give the utmost of service and fidelity.

When needed, my skill and knowledge shall be given without reservation for the public good. From special capacity springs the obligation to use it well in the service of humanity, and I accept the challenge that this implies.

Jealous of the high repute of my calling, I will strive to protect the interest and the good name of any civil engineer that I know to be deserving; but I will not shrink, should duty dictate, from disclosing the truth regarding anyone that, by unscrupulous act, has shown himself unworthy of the profession.

Since the age of stone, human progress has been conditioned by my forebears. By them have been rendered usable to mankind nature's vast resources of material and energy. By them have been vitalized and turned to practical account the principles of science and the revelations of technology. Except for this heritage of accumulated experience my efforts would be feeble. I dedicate myself to the instruction and dissemination of engineering knowledge, especially to the younger members of my profession in all its arts and traditions.

To my fellows I pledge, in the same full manner I ask of them, integrity and fair dealing, tolerance and respect; devotion to the standards and the dignity of our profession; with the consciousness, always, that our special expertness carries with it the obligation to serve humanity with complete sincerity.

Vice-President	John Weeks
Secretary	Lynn Van Camp
Treasurer	Lloyd Gardner

The Mechanical Engineering Society is an organization wherein engineering students can supplement their knowledge of the various phases of mechanical engineering.

Speakers, who are experts in their respective fields, are obtained to present the latest information concerning their products and industry as a whole. Movies are obtained for some of the programs and are also used in conjunction with the speakers' talks.

The society is affiliated with the Fort Wayne Section of the American Society of Mechanical Engineers. The dues paid to this organization are returned in the form of awards to society members who have done outstanding work in writing and presenting their engineering reports to the society.

Field trips sponsored by the society are held each term with one major field trip each spring. Visits are made to various industrial concerns covering all phases of mechanical engineering. On these field trips, the students are able to observe present manufacturing processes and practices and thus better prepare themselves for their futures as engineers.

Since the first meeting on February 3, 1949, the student chapter of the Society of Automotive Engineers at Tri-State College has grown to be one of the most progressive societies on the campus.

The national enrollment of the S. A. E. exceeds 15,000 active members in all parts of the United States. Included in the 4,000 student members from seventy-four engineering colleges are sixty-one students from the Tri-State chapter.

Meetings are held every first and third Wednesday of the month. After the business portion is concluded, speakers, movies, and literature are presented for the enjoyment of the active members.

The aim and purpose of this group is to uphold the creed of the S. A. E. "To promote the arts and sciences and engineering practices connected with the design, construction, and utilization of the automotive apparatus."

FIRST ROW: Philip Parker, Robert Mattson, James Trout, Raymond Wong, John Kuehl, David Sundheimer, Richard Folks, Kenneth Skinner, Roy Austill, Harold Quast, James Anderson, John Stringer.

SECOND ROW: Charles Hill, Robert Harer, Shizuo Tagawa, Gary Meado, Koichi Nishida, Armen Akarakcian, Eizo Gibo, Masami Yoneji, Arthur Wanninger, Leonard Reich, Don Hewitt, Jerry Spenny, Jack Edwards, Peter Enright, Myron Weinstein, David Levers, Richard Henry Wagner, Ronald Wolfe, Carl Goodwin.

The Radio Engineering Society, organized in October, 1936, provides any student interested in radio and electronics with useful and informative sessions to supplement regular curricular activities.

Meetings are held every Monday evening to promote the aims of the society, including the advancement of the theory and practice of radio and its allied branches of engineering and the related arts and sciences. These aims are promoted and furthered through a program each year of outstanding speakers and film showings.

Among speakers each year are representatives from personnel departments of large manufacturing concerns, with the purpose of acquainting graduates with the process of securing a job. Other speakers include men outstanding in the industrial field, who bring practical experience into the information given to the members of the society.

Membership in the Radio Engineering Society is open to all those interested in the field of radio.

FRONT ROW: Shirley Hantz, Betty Hagerman, Prof. Harold R. Hoolihan, William R. Faughn, Willis F. Oberhaus, Joseph N. Gayda, Norman Breyfogle, Ronald Pufahl, E. Dean Lawrence, Martha Graves, Ruth Bennett, Nancy Thomas, Darrel J. Jenkins.

The Sigma Epsilon Society of Tri-State College, organized in 1933, has among its aims, the creation of a spirit of initiative in the students of commerce, and to make available social and recreational activities. All students enrolled in the Department of Commerce are eligible for membership in the organization. Meetings held bi-monthly include programs in which representatives of various businesses address the members, giving them practical applications of theories studied in class, and their application to problems existing in the present-day world of business. The Sigma Epsilon Society offers to the serious-minded commerce student an opportunity to develop a more mature and practical viewpoint on present-day business techniques.

The Student Council of Tri-State College was organized for the promotion and advancement of campus activities for the college students. The Student Council is an organization in which the views and opinions of students may be expressed.

The council is composed of representatives from the various student organizations on campus. These representatives are to attend all meetings, participate in Student Council activities, and keep their organizations informed of all Council business.

It is the hope of the Student Council that the high ideals toward which they have striven will be developed in a greater degree in the years to come.

The Chinese Student Club of Tri-State College was organized in 1932. The purposes of the Club are to strengthen friendship, to promote better understanding among the members and fellow students, to assist fellow members, and to encourage higher standards of scholastic achievement. The Club was inactive during the war years due to lack of sufficient membership. In the beginning of 1947 the Chinese Student Club was reactivated. The Club is proud to have Professor Robert R. Ramsay as adviser, and without his help many of the activities would not have been possible.

Tri-State Christian Fellowship is a chapter of Inter-Varsity Christian Fellowship which is a national organization belonging to the Inter-National Fellowship of Evangelical Students.

The IVCF Chapter at Tri-State is one of nearly 500 groups in the United States and Canada. It is interdenominational and evangelical. The purpose is to bring before college students questions on the following: How can we know God; Who is Jesus Christ; and Is Christianity practical? The Chapter is formed to provide fellowship for Christians in prayer, Bible study, and social activities.

The "550" Club is a society formed by veterans of World War II and the Korean conflict for the purpose of analyzing, interpreting, and promoting the principles of the American democracy in the United States.

Its purpose is to aid, promote and render better understanding and clarification of Public Law 550, 82nd Congress, 1952, and to promote good fellowship among all veterans attending Tri-State College under Public Laws 550, 346, 894, and 16.

The purpose of the Legal Society is to aid students who may encounter financial or legal difficulties during the time when they are enrolled as full-time students at Tri-State College.

Executives of the Society include the president, vice president, secretary, and treasurer, who handle the administrative functions of the society, and who are aided by a board of five directors, meeting whenever it is necessary to transact important business. Student meetings are held once each quarter to acquaint the members with the functions of the organization and to make necessary adjustments in its operation. Loans may be obtained through application to the president or treasurer, such applications to be approved by the treasurer and by one other officer or director of the Society.

The Financial and Legal Society, Inc., of Tri-State College, was organized by students during the summer quarter, 1952, and received recognition as a legal entity from the Secretary of State of the State of Indiana during the following fall quarter. During its formation, and through its activities, Fred W. Goudy, Professor in Commerce, has devoted time and effort to the work of the Society in making its full resources available to the members.

As Jaycees we believe:

A faith in God gives meaning and purpose to life.
A government should be of laws rather than of men.
Economic justice can best be won by free men through free enterprise.
Earth's greatest treasure lies in human personality.
Service to humanity is the best work of life.

The Tri-State Chapter, Angola Junior Chamber of Commerce, was organized during the winter quarter, 1954, following the "Kollege of Knowledge" program inaugurated on the Tri-State campus by the Indiana Junior Chamber of Commerce, the first such program of its kind on any college campus in the United States. Paul Taylor, December, 1953, graduate, was instrumental in developing the "Kollege of Knowledge" program, and through the interest aroused the Tri-State Chapter was organized.

FRONT ROW: James Morrison, Eugene Lemke, Leonard Reich, Arnold Kloock, Koichi Nishida, John Bendik.

MIDDLE ROW: Sergio C. Torres, Donald Loomis, Douglas Dickhaut, Michael Loke, Stewart Lee, John Burkhart.

BACK ROW: Charles Kenyon, faculty advisor, Barton Bullis, Erik Dambergs, Roger Wiles, David Sears, Don Claffey, Henry Kaminski.

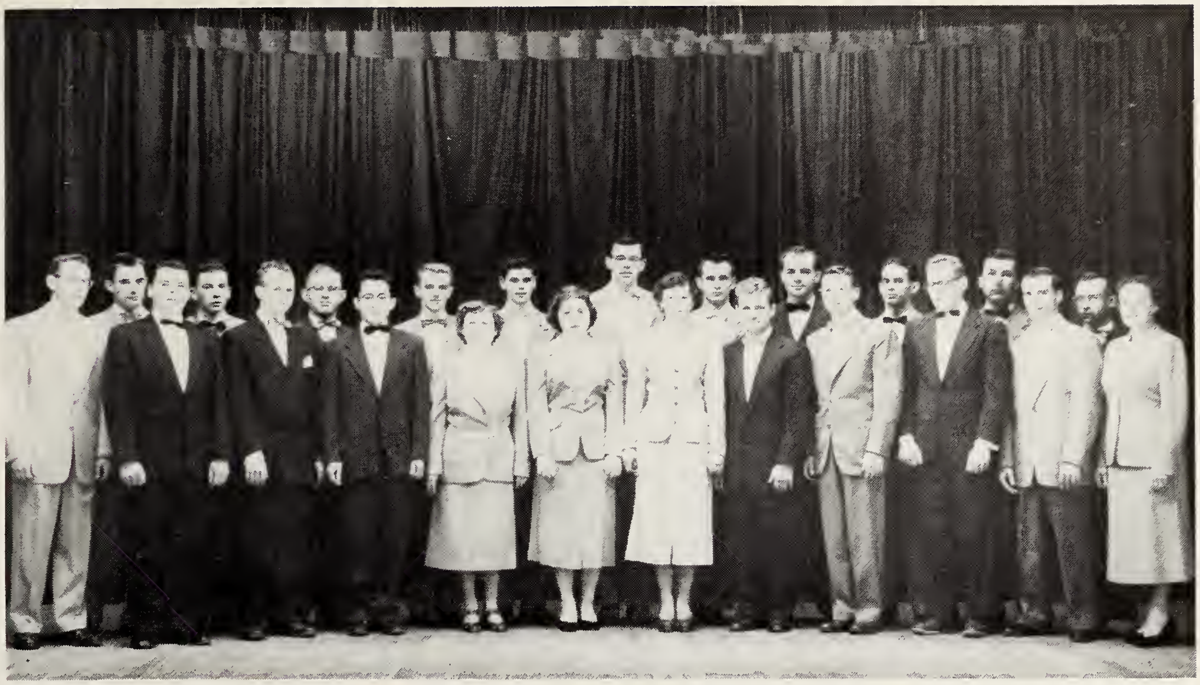
Since the inauguration of the Photographic Society in 1946, regular contributions to student and outside publications have made the Society an important factor in promoting Tri-State College pictorially. Besides being invaluable in this respect, the Society provides a pleasant and useful pastime for its members, and gives them access to the dark-room with excellent equipment, supplies, and facilities. The Photographic Society plays an important part on the campus of Tri-State College.

AT LEFT STANDING, Richard Mignerey, Robert Painter, SEATED: Ann Cunningham, George Otterman, Loene Collins.

CENTER, SEATED: Arnold Kloock, Don Hayward, Paul Monteith, Christopher Hsaio, Frank Palfy, Richard Zima, William Eastep, STANDING, Roy C. Bodie, Jr., director; SEATED, Dean Runkle, Paul Welling, John Mitchell, Kenneth Steenbergh, James Galimberti.

College Band

The Tri-State College Band, reorganized early in 1947 through the efforts of Roy C. Bodie, Jr., who serves as director, has made a number of concert appearances during the past year. The band also plays for campus and sports events. Program selections generally include a wide variation of selections and arrangements, proving the versatility of the musicians.



FRONT ROW, left to right: Richard Frantom, John A. Manfolk, Arnold Kloock, Christopher Hsiao, Virginia Watts, Nancy Thomas, Shirley Hantz, Richard W. Neese, David Levers, Richard Reichard, Kenneth Steenbergh, Mrs. Robert H. Ramsay, Director.

College Glee Club

During the fall quarter of 1953 the College Glee Club was organized by Mrs. Robert Ramsay, who serves as its director. Weekly rehearsals are held by the Club which has already made several public appearances. Programs have been given for campus events and the group has also given programs for clubs in the community and high schools in the surrounding area.

"Doc" Mummert, Director of Athletics, arranged this display for the 1954 Alumni Reunion. Basketball, tennis, rifle and pistol, golf, baseball and softball activities are represented in the exhibit.

B. J. Mummert has served Tri-State College as Director of Athletics since the fall of 1950. In addition to directing the sports program, he serves as coach of the basketball team, and the baseball team.

"Doc" came to Tri-State from Nappanee where he served three years, prior to that time serving as athletic director at Winamac, where he produced two sectional tourney winning teams.

A graduate of Franklin College, "Doc" has done graduate study at Franklin and at Ball State College. In his college days he was a member of Franklin's "Wonder Five." He was an all-state guard in football, and participated in track activities.

Working in close cooperation with Mr. Mummert are the members of the Athletic Board of Control. All athletic activities at Tri-State are under their direct control, and the board includes the President of the College or his representative, ex officio; this member being Billy Sunday, Treasurer of the College; Hermon Phillips, for the College Board of Trustees; Lee Hirsch, member for the Alumni; Richard Hodgin, president of the Student Council, member for the student body; and Lyle O. Oleson, Richard Byers, Richard Griffis, and Harold Ottoson, members for the Faculty.

BACK ROW: Tom Reynolds, Dick Lough, Jim Bledsoe, Bob Hayes, Don Chambers, Paul Stewart, Brad Webb, and Ernest Peden, manager.

Basketball Squad

Coach Mummert developed his squad of players into a well-coordinated team during the 1954-1955 season. The final statistics showed the Tri-State hoopsters outscoring their opponents during the season by 1397 points against a total of 1386, with the five games registered in the loss column due only to a combined total of eleven points. The Engineers topped their competition both in half-time averages and final averages for their twenty game schedule. Tri-State recorded 32.3 points per game at half time against 31.8, and 69.85 points per game against 69.3 for the opposition.

Jim Bledsoe held high scoring honors for the season with a total of 296 points for an average of 14.8 points per game. Dick Lough was second with a game average of 12.35, and a season total of 247 points. Maurice Craig was the only other member of the Engineers' squad to register 25 or more points during any one game.

Al Brand (44) goes up for a lay-up shot against Assumption, as Bledsoe (45) watches for the rebound.

Jim Bledsoe (45) scores on a hook shot for T. S. C. in the Detroit Tech game, as Webb (35) watches from the outside, and Chambers (34) charges in for the rebound, if needed.

Cheer-leaders Nancy Thomas, Ann Cunningham, and Betty Hagerman.

AT RIGHT: Reynolds, 14, scores on a breakaway play in the Detroit Tech game.

William Robinson, Myron Beechy, Joseph Roossien, Vern Peters, Don Zimmerman, and Richard Stoughton.

Golf 1954

Perhaps one of the lesser known but more challenging sports made available to Tri-State students is varsity golf.

Each spring, shortly after Easter, the first try-outs are made for berths on the team. A five-man squad is selected and usually six matches are scheduled during the spring term. Colleges scheduled include Albion, and Hillsdale in Michigan; Indiana Tech and Concordia at Fort Wayne, Indiana.

Faculty advisor Andolina hopes to build one of the stronger golf teams in the tri-state area and expresses a desire for adept and interested golfers to participate in the spring tryouts.

The Tri-State College Rifle and Pistol Association was organized during the fall quarter of 1949, and has been very successful. Aims of the Association are to promote training and instruction in precision target shooting and to support an inter-collegiate competitive rifle team.

Affiliated with the National Rifle Association, which sponsors and conducts all inter-collegiate rifle competitions, many members have qualified for national marksmanship ratings.

The Association's range is located in a quonset hut near the Recreation Hall, and is equipped with all modern facilities. Safety precautions are rigidly enforced for the safety of all.

Membership in the Association is open to all men and women of Tri-State College.

You Can Bank On The '55 Modulus

Order Your 1955 Modulus Today

Sales Campaign Opens In Full Swing

Today marks the opening of the big 1955 Modulus Sales Campaign. This is your day to buy, if you have not already reserved your copy of the new Modulus year book. Some have already ordered to be assured of receiving their book. Where can you buy your 1955 Modulus? Three convenient locations have been readied to accept your order. They are the College Book store, a special sales booth in the Cafeteria, and the Treasurer's office.

Modulus salesmen will be wearing distinctive blue and white Modulus Sales Representative badges so that they may be recognized easily. You may order from these people throughout the day as they circulate around the campus in addition to the sales locations named. Those who will take your order will be Bill Hall, [illegible] Jones, B. D. Tainter, Ed [illegible], [illegible] Herman Knaule, Bill Jones, all members of the Sales staff and [illegible] [illegible], Tom Har[illegible], [illegible] [illegible] [illegible], Phil [illegible], included in the Business staff. With these people ready and willing to take your order, what could be easier than to order your copy now?

[illegible] in The 1955 Modulus [illegible]. Small coin banks will be distributed to those ordering [illegible] that they may keep [illegible] purchase price by daily contributions to the bank. One must order a Modulus in order to obtain a bank. The filled bank may be turned in and exchanged for a [illegible] receipt, to become a customer paid in full for a copy of the Modulus. The deadline for this payment is May 1st. Less than a dime a day will be the painless way to save for the 1955 Modulus.

The staff urges you to order early to enable them to arrive at a publication figure. Excessive books will not be printed so extra books will be scarce after the publication deadline.

If you are planning to buy your copy from your organization or fraternity representative you may buy now from any Modulus Sales Representative and your group will be credited with the sale. Any campus organization or fraternity selling 20 or more copies will be given one copy free for group use.

March graduates will be contacted personally as they will certainly want a remembrance of their college days that only the Modulus can give. 77.4% of December graduates can't be wrong. They bought a 1955 Modulus.

This year's Modulus will be better than ever. All staff members are cooperating diligently in this effort. Progress in all phases is running smoothly with realization of deadlines well in mind.

The Modulus cover is of white leatherette with a blue Tri-State emblem. The theme of blue and white is carried throughout. The Modulus is sure to prove interesting to every student whether a [illegible] former or a prospective grad. Many new features have been incorporated in the 1955 Modulus. Fraternities and campus organizations have bought more pages this year. This means more pictures of you and your friends.

Tri-State College has come a long way since the first copy of the Modulus was printed way back in 1922 by the Engineering Society. Imagine the pleasant memories that copy must bring to the alumni of those years. Room and board was only $1.25 a week then. How many names and faces will you forget in 32 years that your Modulus will bring back to your memory? The $5.00 price of the book is a terrific buy when you think of the value that it gains as the years go by. You will never forgive yourself if you neglect to buy, and the time to buy is now! "You Can Bank On The 1955 Modulus." Remember your alma mater!

The [illegible] centrated sales campaign for the 1955 Modulus will open Monday morning, February 14.

Approximately 300 miniature cylindrical banks, bearing the slogan "You Can Bank on the '955 Modulus" will be distributed. To obtain one of these banks, an order for a 1955 Modulus must be signed, guaranteeing payment in full by May 1.

The object of the bank distribution is to furnish a means by which students and other purchasers may save coins toward the purchase of their yearbook. By dropping a [illegible] coins in the bank each day, by May 1 the bank should [illegible] the $5 necessary for purchase of the Modulus.

Dawson Howe Banks on [illegible]

Student Of The Month

Robert D. Baker

Robert Baker, Electrical Engineering senior from Salem, Ohio, has been named Student of the Month. Bob has that initiative and extra "drive" that allows him to be active in many campus activities and still maintain a fine scholastic average.

After graduating from Salem High School at Salem, Ohio, Bob enrolled at Tri-State. Although his course of study has demanded much hard work on his part, he has still managed to remain very active around the campus.

Bob has served as president of the Electrical Engineering Society, and is serving as treasurer of the Student Council. He was also chosen as a Student Director and holds membership in Tau Sigma [illegible] Honorary Engineering Scholastic Society.

Besides serving as secretary of Skull and Bones, C. O. A., honorary society for student leaders in campus affairs, Bob has received a Silver Key award for maintaining better than a 2.1 average scholastically for four successive terms. Bob has also served as secretary of his fraternity, [illegible] Sigma.

A member of the March graduating class, he will be a candidate for a Bachelor of Science degree in Electrical Engineering and

Boosters Needed For Sports Activities

The Booster Club would like to bring to the attention of the student body and faculty the purpose of its organization. Its intentions are to boost the sports in Tri-State.

More of the student body could surely be used in the Booster Club and also at the games, where our players try so hard to win.

Plans have been made to improve the club's work and to secure at least one faculty advisor. Sports play an important role in a college and it seems there just can't be any spirit built up here.

If you have any ideas or suggestions please get in touch with the Booster Club members or better yet, it's not too late to join. Meetings are held every Tuesday at 3:30 in room 411. Everyone is welcome.

Rifle And Pistol Club Seeks New Members

Are you interested in sport in shooting or collecting firearms? If so why not join an organization that is dedicated to these hobbies? The Tri-State Rifle and Pistol Club is open to all students on campus, and all "gun-bugs" are invited to come down to the range on Wednesday nights for pistol shooting and on Tuesday and Thursday nights for rifles. Any time between 5:30 and 6:30 is all right.

International Night Planned by Rotary

Tri-Staters From Other Lands As Guests On February 25

Tri-State College students from other countries as well as those from the territories outside the continental limits of the United States are invited to the "International Night" program, sponsored by the Angola Rotary Club.

This is the second annual such event and will be held at the College Cafeteria on Friday evening, February 25, beginning at 6:30. Prof. Kenneth Newnam is chairman of the Rotary committee in charge.

A brief program on an international theme will be presented following the dinner. Last year's event was so highly successful that Rotarians and students alike are looking forward to this year's "International Night" affair.

Invitations have been mailed to all students from the territories and from other countries, and an effort has been made to include all such students. Tri-Staters from any territory and from other countries are all cordially invited, and if by any chance, due to faulty address or other reasons, such invitation is not received through the mail, the student is requested to leave his name with Prof. Newnam or at the Main Office of the College on or before February 22 if he desires to attend.

Return cards have been enclosed with all invitations, and students are urged to send their replies in by February 22 in order that the Rotary committee may complete plans.

The Angola Rotary Club is undertaking an international project of world-wide importance in this event, and are making plans for a repetition of last year's successful "International Night."

Welding Lab Needs Student Instructor

Auditing Internship Goes To Don Conklin

Don Conklin, majoring in Accounting in the Department of Commerce, was appointed Tri-State's first auditing intern in a program sponsored by the firm Arthur V. Andersen and [illegible] of Chicago, according to an announcement by Prof. Har[illegible] [illegible], Head of the [illegible] ment of Commerce.

Mr. Conklin, who, [illegible] sixth quarter at Tri-[illegible] lege has been active [illegible] affairs, serving [illegible] editor-in-chief, of [illegible] An honor roll [illegible] member of [illegible] Sigma Epsilon [illegible] Kappa fraternity [illegible] Director. His [illegible] New York.

The auditing [illegible] from six to [illegible] credit and [illegible] number of [illegible] must be ap[illegible] ing instruct[illegible] Department [illegible] appropriate [illegible] Administration [illegible] the co-operating firm.

Under this [illegible] student becomes a [illegible] of the staff of the firm [illegible] training period. The course consists of the student working as an internship employee of a qualified public accounting firm, of a minimum period of twelve weeks. Normally this employment will be during the winter quarter of each academic year.

The amount of credit received for the course depends upon the length of the internship period; types of experience afforded during the period; evaluation of the experience by means of a normal interview of the student by the accounting instructor on completion of the employment, and on

Chemic[illegible]

The [illegible] of the A[illegible] Chemical [illegible] will be held on the Tri-State campus on Friday and Saturday, April 29 and 30.

Dr. Stefan Manina, Head of the Department of Chemical Engineering, is serving as general chairman, and is making plans for the event which will be attended by representatives from colleges and universities in Indiana, Michigan and Ohio.

[illegible] roval On

[illegible] received [illegible] approval of [illegible] application [illegible] for dorm[illegible] filed with the [illegible] the Housing and [illegible] Agency of the Federal [illegible] Approval of the [illegible] application only, as [illegible] the letter of notification [illegible] made on the basis of [illegible] as an institution of higher learning and the need for the facilities requested. Final action will be dependent on satisfactory review of the completed application."

The funds applied for will be reserved for ninety days, in which period the completed application, including submission of financial, legal and construction data, must be presented.

The loan, in the amount of $880,000 was asked to obtain funds for the construction of a men's dormitory and food service

Tri-State Delegates To Attend Little U. N. At Indiana University

Prospects Better For Housing In Spring

With 55 seniors leaving by graduation at the end of the winter quarter in March, the outlook for apartments for married students is bright for the spring term, according to Jonas Crisman, Director of Housing.

Mr. Crisman reported that almost all available housing facilities in the community, including apartments and single rooms, are filled as well as the Tri-State housing project apartments and rooms. He stated however, that according to present indications, [illegible] students would be able to find sufficient housing available for the spring quarter.

Apartments in the community available for student rental have been, in the main, filled for the winter quarter. The Tri-State housing project contains 50 apartments for married students and bachelor quarters for 186 students. In addition, the two houses acquired by the College last fall have been arranged to house fifty students and four student proctors.

The house at 300 West Maumee Street, as well as the one at 111 West Broad, have been in operation as dormitories since the opening of the fall quarter.

Through the Director of Housing, 75 married students, and 115 single students, all of whom were new enrollees, were furnished housing since the opening of the winter quarter.

Campus Group Serve As Representatives Of Canada

Tri-State College will be represented at the Little United Nations Assembly to be held at Indiana University on Friday, Saturday and Sunday, March 4, 5 and 6, with the local students serving as representatives of Canada in the General Assembly mock-up sessions.

Planning to attend are Dayle Stevens, William Wangler, Roland Fino, Kwan Rim, Everett Meyers and William Flanigan, selected from the Student Directors group in recognition of their outstanding campus records of service and leadership.

Speakers at the sessions will include Mrs. Eleanor Roosevelt, at present chairman of the Board of Governors of the Collegiate Council for the United Nations; Walter C. Laves, formerly a consultant to the United Nations Technical Assistance Administration and now Chairman of the Department of Government at Indiana University. Other speakers will be from top resources personnel from universities in the mid-central United States.

The Little United Nations Assembly program will consider an agenda of items in the form of propositions designed to stimulate debate.

Members of the Tri-State delegation will serve on committees, and are to be prepared to discuss the viewpoint of Canada, the nation they represent. Committee assignments include Political, Mr. Rim; Economic, Mr. Fino; Legal, Mr. Meyers; Social, Mr. Wangler, and Trusteeship, Mr. Stevens.

The Little United Nations Assembly is sponsored by various campus groups at Indiana University, including the Student Senate; Association of Women Students; Indiana Memorial Union Board; Panhellenic; Inter-Fraternity Council; Indiana Daily Student; Board of Aeons; Women's Residence Halls; Men's Residence Center Association; the Y. W. C. A., and the Y. M. C. A.

Income Tax Problems On Radio-TV Series

[illegible] ate's first television pro[illegible] was presented over WINT [illegible] Waterloo on Wednesday [illegible] January 26, with Prof. [illegible] of the Depart[illegible] Commerce appearing in [illegible] of "income tax [illegible] television pro[illegible] in the [illegible] are under the di[illegible] Robert Ramsay [illegible] Department of Com[illegible]

[illegible] in which Prof [illegible] participated included a broadcast over WTVB, [illegible] on Thursday, January [illegible] as a part of the "Angola [illegible] the Air" program. In [illegible] broadcast, he discussed the [illegible] of monies received for [illegible] acquired by the Toll Road [illegible] mission. On the following [illegible] urday, January 29, Mr. Hoch[illegible] discussed income tax problems dealing with farm returns, [illegible] the tape-recorded program of the Tri-State College Radio [illegible]

Other radio broadcasts prepared under the direction of Prof. Ramsay include a series of "Fraternity Salutes" featuring each of the nine fraternities on the Tri-State campus. Broadcasts already presented have included those of Alpha Gamma Upsilon, Alpha Sigma Phi, Beta Phi Theta, with Beta Sigma Tau as the next group on the schedule.

Prediction by Exchange: We imagine that the birthday of Christ will be celebrated long after Joe Stalin and his confederates who would banish it have been forgotten.

Student Indifference Jeopardizes Modulus

Wondering about that heading? It appeared in an issue of the Tri-Angle a few years ago. Every year the story is the same. Everyone wants a yearbook, but no one wants to help!

Publication of a yearbook involves a great deal of time and effort. Put out by fellow students, who like all other students, are going to school and have little spare time, the job is exceedingly difficult. There are many things about a publication of this type, which staff members do not know, nor are not expected to know. To accomplish publication, staff members must learn as they progress.

Every effort is being put forth this year to publish an outstanding yearbook. Sales of pages of the book, and sales of the book and of advertising are the only revenue.

Show some interest! If you want a yearbook, BUY A YEARBOOK!

You Can Bank on the 1955 Modulus!

Re-Activate Campus Branch of A. S. T. E.

The Tri-State Student Branch of the American Society of Tool Engineers was recently reactivated on the campus with Raymond de Gennaro as chairman. The branch is affiliated with Chapter 56, of the Fort Wayne A. S. T. E. and Prof. Minard Rose, of the Department of Mathematics and Science, is serving

sons, and interested students may obtain further information from any of the above officers or from Prof. Rose in Room 114.

Membership in the society's student branch on the campus is open to all students regularly enrolled in engineering courses at Tri-State. Initiation fees and the first annual dues for student

Student Publications

The two student publications of Tri-State College are the Modulus and the Tri-Angle.

The Tri-Angle, campus newspaper, is published monthly, and the Modulus, college yearbook, is an annual publication.

With no journalistic courses in the curriculum, these two publications are staffed on a voluntary basis as an extra-curricular activity, and are under the supervision and direction of two faculty advisors.

The first Modulus was published in 1922 by the Engineering Society and was so-named because "a modulus is a constant and the Modulus is planned as a constant reminder of student days." In time, the Modulus became the publication of the entire student body, rather than a responsibility of the Engineering Society alone. Publication was suspended for several years during World War II but was resumed in 1947.

An editor-in-chief heads the Modulus staff, and is aided by an assistant editor and the business manager, and their staffs. Members of the staff are appointed early in the fall, and work of preparing the yearbook is carried on during the fall, winter and early part of the spring quarters. Distribution, usually just preceding June commencement, is through sales, mainly to students and campus personnel.

Profusely illustrated, the Modulus is planned as a record of campus days, and copies increase in value as memories grow dearer as the years go by.

The Tri-Angle, whose predecessor was the Kismet, was founded in 1946 under the supervision of Roy C. Bodie, Jr., director of the College Printshop. Its nine issues during each school year, monthly publications during the fall, winter and spring quarters, are distributed to students, faculty, and administrative personnel, and are also sent to a mailing list of subscribers.

The staff is headed by an editor-in-chief, appointed at the end of each quarter to serve for the ensuing quarter. The editor-in-chief is selected from those staff members who have gained knowledge and experience from service in various staff positions. He is aided by a managing editor and a business manager, and the various members of their staffs.

Service on both publications is recognized and rewarded by such awards as Tri-Angle or Modulus keys, as well as "shingles," certificates denoting satisfactory performance of duties in various positions on the staffs.

Alumni Association

Joseph R. Teagno

Welcome to membership in the Tri-State College Alumni Association. You are well deserving of this privilege.

We who have preceded you in your present achievement, offer this sage and old advice: "One only grows as one learns and applies said learning to material things." Thus it is that you who have reached this milestone in your life should not engage in retrospection but should look forward to broadening yourself in your chosen field that you might achieve your life's ambitions to better serve yourself and humanity.

If any of the members of the Board of Directors of the Tri-State College Alumni Association can at any time be of assistance to you in any activity, do not hesitate to call upon us.

Sincerely,

JOSEPH TEAGNO

TRI-STATE COLLEGE ALUMNI ASSOCIATON

Joseph Teagno, *President*
Milton Aronstam, *Vice-President*

In Appreciation

The staff of the 1955 Modulus is grateful for the sincere and wholehearted cooperation and assistance given in the preparation of this yearbook. Our appreciation cannot be expressed in mere words. Everyone who had a part in its preparation, on the campus and in the community, the purchasers, the advertisers, and all who aided in any way will be remembered with appreciation for their efforts.

wrap your future in steel . . .

INLAND STEEL

If you're a graduate, there's a place for you at Inland Steel Company.

Inland is the largest independent steel company in the midwest area with a history of continuous progress since its founding in 1893. Yet, Inland is still small enough to recognize and reward individual ability and effort.

HERE ARE SOME VITAL INLAND STASTICS:

Rated ingot capacity	5,000,000 tons
Assets	$460,686,798
Net Sales (1954)	$533,113,301
Employees	26,749

INTEGRATION:
Inland owns and operates its own ore and coal mines, limestone quarries, fleet. It makes its own pig iron and basic open hearth steel ingots. Inland also has steel warehousing and steel fabricating subsidiaries.

PRINCIPAL PRODUCTS:
Hot rolled sheets and strip, Cold rolled sheets and strip, Enameling iron sheets, Electrical sheets, Galvanized sheet products, Hot dipped tin plate, Electrolytic tin plate, Black plate, Plates, 4-WAY safety plate, Bars, HI-BOND reinforcing bars, Structural shapes, Sheet piling, Fence posts, Sign posts, Rails, Joint bars, Tie plates, Track spikes, Pig Iron, Coke chemicals, Special steels.

PUT YOUR FUTURE IN STEEL. In peace or war....steel is one of the nation's most important resources. And, in peace or war....Inland is one of the most important suppliers of steel to Midwest industry. Don't wait. Investigate the opportunities at Inland Steel Company now!
